Principal's Report

I still have a copy of my old College year book from way back in 1970. Now and again I get it out from the bookshelf and look through the pages.

I see some amazing changes in the way some of my friends now look (of course I have not changed) and I realise how quickly time flies by.

The departing students of 2009 are about to embark on the great adventure of life.

I implore all of you to follow your passions and remember the famous speech made by British Prime Minister, Sir Winston Churchill. The speech consisted of only three words..."Never give up, never give up!"

Aspirations, hope, nervousness, excitement are many of the feelings running through student minds. None of us can predict the next week, let alone the next 10 years, but hopefully you will know that;

Launceston College was a place where you were happy, challenged and successful.

It was a College where you felt supported, nurtured, 'hurried along' and cared for.

It was also a place of high standards and where outstanding learning outcomes, was the focus. Hopefully Launceston College has offered you opportunities to learn more about yourself and the many pathways open to you.

The College is made up of so many committed people who contribute enormous amounts of time and effort. It is a small community where there are many people, all working together, to ensure students are successful.

Launceston College has always had a strong reputation for high level student results and we anticipate that our students in 2009 will continue this fine tradition.

Churinga will offer our 2009 students a chance to reflect on their contribution and time at College.

The magazine certainly provides examples of great learning and fun. I continue to be amazed at the incredible number of activities and learning opportunities on offer.

I also hope that this edition will be kept safe, so that you too can reflect on your memories and the friendships you made during 2009 at Launceston College.

Stephen Murray
Acting Principal

Principal's Report

For the last three decades or more society has been constantly informed by crystal ball gazing “educational experts” that in the “next few years” education will be “on line” or occurring in a plethora of structures across society. The “next few years” have come and gone many times over and we haven’t, thankfully, quite reached that projected state of clinical education.

What these crystal ball gazers fail to understand is the critical role of the teacher, the human interaction in the learning process.

In this regard our “experts” are far less astute than most parents.

For time immemorial parents have understood that their children’s learning will be significantly advantaged if they are assigned a great teacher. From Kindergarten enrolments to Launceston College enrolments and high schools in between I have had the experience of listening to parents making that request - and even listening to university students, who clearly understand the importance of great lecturers as opposed to a video conference from Hobart!

Teachers don’t just facilitate learning, they understand the need to make provision for the students’ emotional development, to support their personal needs, to motivate when the world is laying heavily upon students shoulders and to celebrate student achievements. Teachers bring understanding, caring, skill, personality and meaning to learning in a way that non personalised learning can never do.

Further, Launceston College both facilitates these characteristics of personalised learning and also provides a learning environment that motivates and encourages connection to learning. At the same time it provides a physical environment that states loudly and clearly that LC considers its students to be of utmost importance and that their achievements, both academic and personal, are worthy of ongoing celebration.

Launceston College is unique in that the culture which promotes high level student success is imbedded in all facets of the College - and we have developed high level facilities that support that unwavering goal.

This is the tradition of this wonderful College, a College that has served the Northern community for almost 100 years - and these are the characteristics that have ensured Launceston College student outcomes are arguably the best across our sister colleges in the North of the state.

The above is certainly the reason why our enrolment is reflective of our community’s confidence with a 20% increase in student numbers for 2009.

I hope that in the coming years our graduates will be able to see that LC is still providing personalised learning for students, still placing high value on pastoral care of students and still providing an educational program that facilitates the development of highly successful, well rounded young adults, just as it did for them.

Successful colleges are those in which the staff personally take responsibility for any failure to facilitate the very best outcome for any student.

That level of personal responsibility from LC staff is strongly enhanced by Launceston College’s local support and our significant affiliations with the northern community - by the fact that this is Launceston’s College.

Keith Wenn
Principal

Relay for Life

Sadly our wonderful team of willing walkers were stymied by the most amazing thunder storm and downpour, causing the first cancellation of a Relay For Life in Launceston in the event's history. Conditions were deemed to be unsafe, and pretty miserable, as you can see on poor Casey's face!

Thanks must go to all the students, their families and the staff who supported the event.

We still managed to raise some funds for the Cancer Council and had a great time bonding in the appalling conditions. Hopefully, we can have a group of participants in 2010 with the same energy and generosity, comparably excellent facilities and organisation just WITHOUT the hurricane!

Nat Heiniger & Robin Thorne

Student Leadership Group

A group of students were nominated and selected to be the leaders for 2009. The group met regularly to discuss student issues and plan future events for the College. In their civic role they raised money for the Victorian Bushfire Appeal, the Fight Cancer Foundation and the City Mission.

Those students were: Laura Nicholson, Freya Wilson, Jono Ritchie, Jenna Clarke, Emily Suitor, Seb Groves, Alicia Finney, Harley Castles, Jayde Stone, Clinton Johnson, Sarah Lyons and Mahalee Smart

The group spent a considerable time with Nat Heiniger and Caz Robinson planning for the College Ball on October 31. They sincerely hope that everyone enjoyed the Ball as much as they did.

One of the fundraising events for the year was Footy Colours Day. The event raised \$280.65 for the Fight Cancer Foundation. Similarly, the Victorian Bushfire appeal coin line collected \$112.45.

We are hoping that in 2010 another bright and enthusiastic group of young people will volunteer some time to be the voice of the Launceston College student body.

Caz Robinson

VET Hospitality

Students have had a very productive year completing the units required for a nationally recognised certification in either Hospitality (Food and Beverage Service) or Kitchen Operations (Commercial Cookery).

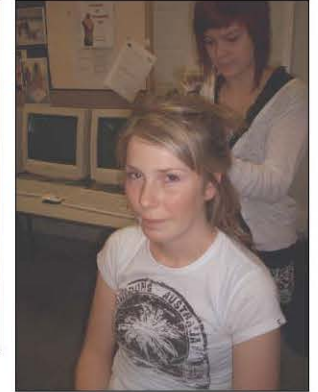

Work placement is a significant component of the course and students worked in local establishments for 7 days in March/April and for 7 days in Sept/Oct as well as running our own Elcies Restaurant for 9 weeks during second term.

All these experiences provide essential on the job training and links for potential employment opportunities. A number of students were successful in gaining employment.

This year Bianca Staggard, a Food and Beverage Service student, was a finalist in the VET in Schools section of the Tasmanian Training Awards.

Lifestyle & Fashion

Lifestyle and Fashion students have had a busy year completing the 5 set design briefs.

Students started the year by making fabric covers for their journals which reflected their personalities.

Following, these students converted a white Bonds singlet into an Aussie Icon.

In Term 2, students made garments of their own choice using a commercial pattern as well as making a gift for a relative or friend.

Term 3 was spent recycling and renewing clothing and textile items.

Food & Nutrition

Food and Nutrition is a level 3 subject where students are engaged in a range of activities including researching, cooking, experimenting and going on excursions.

Sporting Hall of Fame

Students who represented Tasmania or Australia in sport in 2009

Maddison Baxter – Rowing
Jayde Beaumont – Touch football
Laura Bestwick – Netball
Amy Bradford – Martial arts & Touch football
Courtney Bradford – Martial arts & Touch football
Cameron Burrows – Cycling
Maddy Carter – Netball
Samantha Chilcott – Touch football
Jesse Chrichton – AFL
Tyler Clark – Basketball
Georgia Curtis – Basketball
Joseph Davern – Golf
Cara Egan – Netball
Katelyn Fryett – Netball & Cricket
Matthew Guy – Cross country
Cory Hearn – Martial arts
Sarah Henley – Equestrian
James Hodge – Triathlon & Open water swimming
Jack Hudson – Soccer
Madison Huebner – Rugby

William Hunt – Basketball
Monbo Jetoh – Athletics
Peter Loft – Cycling
Sarah Lyons – Netball
Belinda Mason – Cycling
Laura Nicholson – Athletics
Jacob Oakenfull – Powerlifting
Chelsea Reid – Futsal
Danyall Richard – Basketball
John Riley – Powerlifting
Kaitlyn Roach – Irish dancing
Braidie Squires – Golf
Brooke Trevena – Netball
Mitch van Noord – Golf
Dylan Warren – Basketball
Brittany Williams – Equestrian
Freya Wilson – Athletics, Cross country & Soccer
Jacqui Witt – Netball
Jade Woolnough – Netball

Student Support

This year has been a busy time for the Student Support Team – helping individual students with information, counselling and support, as well as providing structured programs and other opportunities for our students to make the most of being at LC.

We moved areas from F Block to A Block, which has been positive and allowed us to have greater flexibility and creativity in the ways we work. We took on a specific focus of responding to student attendance and participation issues in order to maximise the number of students staying at LC and getting the right programs happening to suit people's needs. With so many students at LC this year, we've all had plenty to do in our specific professional areas. As always, it's fun and challenging and very fulfilling to work with so many great young people!

Here's us doing our thing!

Social worker Nat sharing some information and resources with students.

Social worker Jenny has enjoyed having the opportunity to get to know and work with the ESL students in 2009.

Susie is one of the student counsellors and she specialises in alcohol and other drug related issues. As well as doing one-on-one counselling, she also regularly facilitates class sessions exploring the effects, risks and harms of alcohol and drug use.

Deb is really pleased to have the space in her new office to use Art Therapy techniques as part of her counselling service.

SOSE & Business

In 2009 many Launceston College students participated enthusiastically in a wide range of SOSE and Business subjects.

These included Geography, Australia in Asia & the Pacific, Religion & Philosophy, Ancient Civilisations, Modern World History, Issues in Society, Tourism Studies, Business Studies, Business Computing, Legal Studies, Economics and Accounting.

Numbers of students studying SOSE subjects have substantially increased this year and many students elected to study two or more subjects from this area.

Aside from a wide variety of classroom tasks and activities, students took part in:

- * a Geography field trip to the South Esk River at Perth,
- * heard a variety of well known speakers and a High Court Judge debate a range of important legal issues such as Euthanasia at Lawfest,
- * played the Stockmarket Game in Economics,
- * participated in a study programme operated by the University of Tasmania's Philosophy Department for Religion & Philosophy.

Basketball

National Schools Basketball Tournament December 2008

It was the year of the Launceston College Women! Claire Bensemman, Sarah Lyons, Sam Chilcott, Jessie Humphries, Keely Blest, Brooke Hepburn, Jessica Richard and Tayla Roberts travelled with Caz Robinson, Carolyne Richard and Coach Brodie Clark to take on Australia's best school/college basketball teams.

Teams from Brigidine (NSW), Erindale (ACT), ST Peters (QLD), Unley High (SA), John Paul College (QLD), Willetton Senior High (WA) and Xavier High (NSW) did battle with the champion team from LC.

As with many teams representing Tasmania our girls were predicted to be the "easy beats" but it didn't take long for our opposition to realise we were a force to be reckoned with.

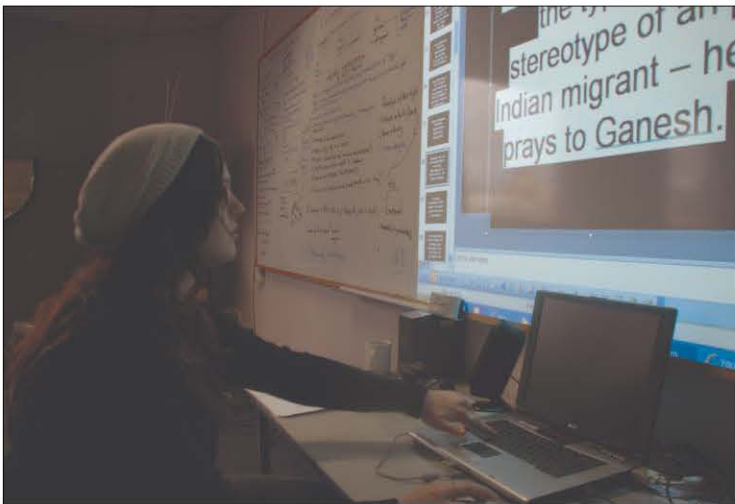

Launceston College outplayed the highly fancied tall outfit from QLD and didn't look back from there. In the second round the team were defeated by the eventual winner of the event Xavier (NSW) in a tough battle. Round 3 the team bounced back to outclass the WA side Willetton Senior High. The semi finals in which Launceston gallantly went down to Unley High (SA), left them in a play off for the Bronze Medal.

The team was disappointed in missing out on the chance to play for gold but recovered to take out the Bronze Medal in fine style. It was a proud moment for the players, their parents and the support staff of the team.

Congratulations to all players and a big thank you to Brodie Clark the coach of the team who did a fabulous job.

VET Community Services

VET Community Services

Certificate II in Community Services Work & Certificate III in Aged Care Students

Melanie Erb, Tegan Jarman, Lesley Long, Vivian Rogers, Sage Smith, Bonnie Stewart, Kianne Dickson, Hawa Koneh, Rebecca Mah Kim, Louis Masiya, Frankie Nagbe, Shanee Sharman and Durga Gurung.

Teachers: Christine Fountain & Di Chandler

2009 was an excellent year with a diverse group of students who all got on very well. A new program was initiated with Fred French Nursing Home, assisting residents with feeding to help and improve their nutritional intake. Also placements were undertaken in numerous nursing homes. These placements resulted in work for a number of students. Practical activities included First Aid, personal care and using a wheelchair.

Good luck to everyone for the future.

Working with Children

We have two classes studying Working with Children and running our College Playgroup. About 18 young children come to K Block once a week and allow our students to practice their child caring skills.

Students are preparing for career choices in child care or in teaching, but the course also enables many students to gain valuable skills in bringing up children.

VET Child Care

VET Child Care is a Success at LC in 2009

This year at Launceston College we have worked hard in both of the two child care training programs from the new Training Package, CHC202, released in January 2009.

We had 27 students enrol in the Year 11 program, Certificate II in Community Services (Child Care) plus TCE syllabus Working with Children and in the Year 12 program, Certificate III in Children's Services.

They have been training in 25 different child care centres and 15 different family day care homes. What a celebration the year has been for us all!

Many Certificate III students are now employed as casual, relief or part time staff in child care centres such as Children's Playhouse, Stewart Services, Pilgrim and Lady Gowrie. Some of these students will continue their training in the Diploma while on the job next year.

Most students in the Certificate II program will continue on to complete Certificate III at Launceston College in 2010. Some will complete Year 12 in University entrance studies for teaching or nursing.

Athletics

2008 School Knockout Athletics

Launceston College excelled in the Schools Knockout Athletics competition at the end of 2008. A boys team qualified for the “cup” final which meant they were the top team in the state and the girls team qualified for the “plate” final which means they were second. Competition at Olympic Park Melbourne was against all other state teams who had also qualified. We went with high expectations as we had some very high standard athletes who compete at a national level.

Success at the Knockout occurs because of good teamwork and having depth in your talent pool. We had a team of athletes committed to working for and with each other to achieve success. After some memorable individual performances we achieved that success with the girls getting third in their division, a magnificent effort. The boys came a close fifth which, in itself, is an amazing result given the quality of the opposition they were up against.

Some of the best results were Josh Phillips getting first in the boys 3000m, Monbo Jettoh first in the 100m, Amy Bradshaw first in the discus and Laura Nicholson first in the long jump.

Congratulations to the teams, not only on their athletic success but the way they represented the College and themselves in such a mature and responsible way.

Triple P - Road Safety Project

In July, we launched the Triple P road safety project at Launceston College, with students, sponsors and official guests gathering for a morning tea. 82 P-Plate drivers signed up, hoping to be the winners of the monthly draws of \$50.00 worth of free petrol for drivers who had not lost any demerit points, and in the running for the major draws at the end of the project.

While the evidence shows that young drivers are over-represented in serious and fatal crashes, it has been fantastic to see the enthusiasm for, and commitment to, safe driving amongst so many of our students here at College. Most young drivers want

to be safe, and their driving behaviours reflect this. Sadly, lack of experience and judgment, coupled with risk-taking, sometimes results in tragedy. By providing extra resources, focus and support, we hoped to improve the chances of young drivers staying safe on the roads.

2009 will go down in history as a year when beginning drivers got heaps of practice driving in wet and slippery conditions... Of our 82 participants, the split between male and female was exactly 50/50, (what are the chances of that?), with 34% of the total being rural students. The organisers have been very pleased with the sign-up numbers and continuing commitment shown by the students.

The Triple P project is a Community Road Safety Partnership, supported by Tasmania Police, and sponsored by the following businesses in Launceston:

Autobarn
Cataract Bistro
Tint-a-Car
Crystal Cleaning
Sports Rider M'cycles
Village Cinemas
Mojo Music
Bruce Stevenson's Toyota
RACT

Thanks to these very generous sponsors for their support. In a year when the road toll has been so high, everyone contacted for support was overwhelmingly in favour of providing support to young drivers to reduce risk taking behaviours and improve attitudes to driving safely.

Some of our happy and safe drivers in the mecca of P-Plated cars – Park Street!

VET Hairdressing

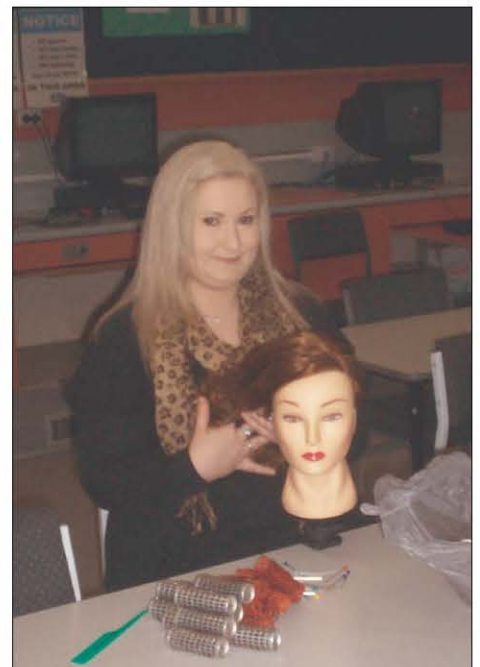

This year the VET Hairdressing Certificate II program has been a great success. We have had lots of opportunities here at Launceston College, firstly with Christine and then with Jacki our 'real life' hairdresser and Hairdressing teacher. Sacha was the person who taught us during our Thursdays at the Polytechnic.

We have learned shampooing, scalp and neck massage, blow drying, colour and braiding and setting on both mannequins and the 'odd' student and even some adventurous teachers.

There have been many chances to 'fine tune' employability skills with work placements happening on two occasions, for a week at a time.

We have students who have gone on to apprenticeships and we look forward to many more being successful in the future.

This has been a fantastic learning experience.

Thermo-Chemistry @ Utas

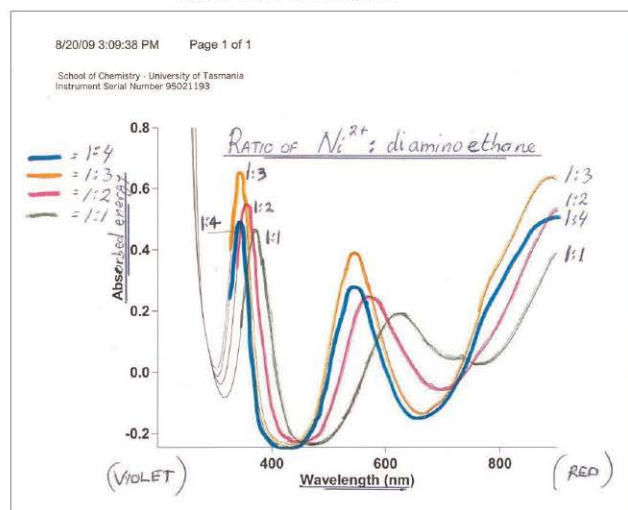

Year 12 Students Experience University Chemistry

Dr Andrew Seen from the UTas Launceston campus Chemistry Department kindly offered a Thermo-chemistry experience to our LC Chemistry students. The experiment involved the chemistry of the coordination complexes of Nickel.

To make it fit in with the grade 12 syllabus, the experiment was adjusted to use the language our students are expected to be familiar with: bond energy, breaking bonds is endothermic, making bonds is exothermic, naming of organic compounds (diaminohexane).

This year as a technical exercise students were shown how spectrographs are made and how to interpret the resulting graph; this graph is shown below and shows that the optimum ratio between nickel cations and diaminohexane is 1:3 as measured by the amount of light energy absorbed in the purple and red colours.

Jewellery

National Chemistry Quiz

Results of the 2009 National Chemistry Quiz

3 High Distinctions and 4 Distinctions is a remarkable result and is another indication of the quality of science teaching here at Launceston College. Prachi was awarded a plaque to reflect her result.

Standing: Udo, Deanne Heier, Mateen Ahmadi, Harrison Easter, Tomas Steele, Jesse Santos.
Seated: Stephen Murray (A/Principal), Prachi Gupta.

Food Studies

These are some comments from students who have studied Food Studies this year:

"I like to cook things that I don't normally make at home."

"I like how everyone works as a team and the variety of food cooked."

"I like the teacher, and the friends that you make in the class. I had not done any cooking before and it's been fun!"

"I love the eating part!"

"The choc buds!"

"I liked Food Studies because of Linda's help and we get a topic and then often get to choose what we want to make from that topic."

"You learn great practical skills in a supportive environment"

"We made heaps of meals together as a class – Breakfast, Morning and Afternoon Teas and Lunches "

"I like cooking every week because we get to make different things that I haven't tried before "

Food Studies

“We looked at Nutrition and Healthy Eating, but no-one preached to us about it. We got information and did research ourselves and then came up with how we would apply this knowledge or change some bits of our diet if we needed to!”

“Round Easter was fantastic – lots of chocolate and buns!”

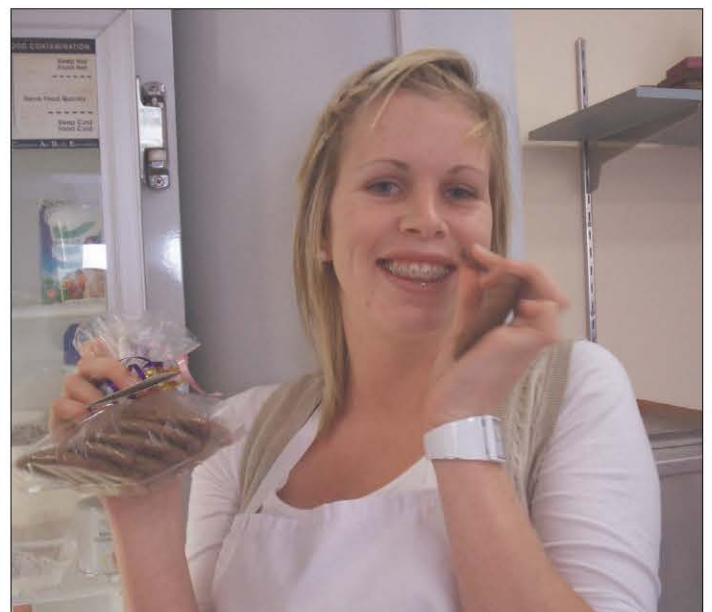

“I like it because we make new friends and the equipment is better than at high school ”

“We always seemed to do the right things in the right place – we got to make soups to taste in the winter and Cheesecakes when the weather got better!”

“At the end of the year we made things that would be good for Christmas – Gingerbread Houses, Biscuits, Truffles, Cakes and Puddings – we could choose!”

“We get to go on some awesome excursions and taste the food while we’re there for example, Tio Rico – Spanish and Venezuelan food, visits to Gourlays’ Sweets Factory and the Chocolate Studio. We also visited Global Gourmet Day at the College and the Grain Grocer.”

Careers Program

Launceston College has a comprehensive Careers Program in place which operates through the Careers Centre and the SA program. Students have made excellent use of the centre to meet individually with a Careers Teacher to assist them to make decisions about their future. In addition students have participated in a broad range of opportunities including:

- Police - Junior Constable Police College Program
 - Career Development Program at Rokeby Academy
- Launceston General Hospital Nursing work experience program
- Launceston Workplace Learning Industry Forums
- UTAS Open Day
- UTAS Scholarships Information Session
- Mainland Universities Open Day
- Visit to UTAS School of Nursing
- SA information sessions on going to University, understanding University scores.
- International College Of Hotel Management
- Work and Training Ltd consultation
- Information sessions on job seeking skills
- Work experience
- Strong advocacy and support for the Launceston College students' campaign to raise awareness about the government's proposed changes to Youth Allowance legislation. The students were very concerned about the implications for current and future LC students. They believed that these changes would seriously disadvantage many Tasmanian students, particularly if they had to move away from the family home to pursue university education, which many, of course, do.

Careers Program

Visit to Department of Health Science (Nursing)
at the University of Tasmania

On Wednesday May 20, the Careers Team and 40 students visited the University of Tasmania to check out the facilities for the Bachelor of Nursing first hand. The facilities were very impressive! It was also a great opportunity to ask lots of questions. Students found the visit really worthwhile.

Catering

We started off the year making Muffins so we could find our way round the kitchen and get used to new people and different routines.

We moved on to making Fresh Fruit Salad so we could use knives and not do ourselves an injury! We then did some bulk Catering. This meant we made stacks of sausage rolls and quiches for the Bar Operations program and learned how to make up an enticing platter.

That was about as quiet as it has been in both the Catering classes. Since then we have catered for the Production Auction where we produced food for approximately 130 people and we also provided supper for guests at the performance of Die Fledermaus.

We also catered for many morning teas, lunches and afternoon teas for clients from the LC community and for groups from outside the College. Students got to refine their skills in both the Back of House and Front of House roles when catering for these functions.

To increase our skills we undertook 'Challenges' and made and presented such delicacies as brandy snaps, choux pastry variations, pavlovas and meringues and did a 'Chocolate Workshop' with a visiting demonstrator. We then applied our knowledge by making and decorating a gâteau.

One of the more unusual Enterprise activities we undertook was to make 1300 'Royal Cookies' for the Children's Theatre Production, *Beauty is a Beast!* Another Enterprise was to make and sell Christmas Puddings; we had many orders for these as they are a bit of a tradition here at LC.

Students were also able to develop and practise skills in coffee making on our espresso machine in Elcies Café Restaurant and we had two excursions, one to 'tant pour tant' and the other to Aromas to sample coffee and to get inspiration in regards to Café style food.

The most important skill we developed was that of team work.

Drama

2009 was a very exciting year in the Launceston College Drama Department. At the very beginning of the year Drama teacher Nicole Lewis and her family welcomed the appropriately named Juliette into the world. Nicole was then off on maternity leave for most of Term 1 and her classes were taught by Stuart Loone, who was a most welcome addition to the team. Stuart and Nicole shared the classes for the rest of the year.

Our first big production was Macbeth which gave the strong technical theatre class a chance to learn in an authentic environment. The skills that they developed during this process meant they were able to be a huge support to the Performing Arts Department, working on the College Production, the mid year shows, Children's Theatre, Dance Fever, the Rock Challenge and many more community and College based events.

Once again the Drama Department had great success at the Launceston Competitions. We gained first and second place in the Verse Speaking and a number of second places in the Monologue sections. Rebecca Beale was a very close second in the Poetry and Prose section. We gained first, second and third place in the Scene work, with James Harrison and Rhys Pitstock winning with their amusing

scene from *Rosencrantz and Guildenstern are Dead*. The week was capped off with James Wing winning the Championship

Recital.

In Term 2 we were very busy working on our mid-year plays. Theatre Performance Line 4 performed the play *A Vampire Story* and the Line 5 class *Metamorphoses*. Both plays were challenging in the content and the classes matched this with outstanding performances. *A Vampire Story* was both topical and left the audience confused as to what had really gone on. *Metamorphoses* used Greek myths as its base and was a moving tale of some of the difficult life lessons that all people face.

Line 1 Drama 3 performed the play *Dragon Chaser* which looked at the effects of experimental drug use. The class used a number of experimental techniques to enhance the performance including songs from the year it was set, 1981. A highlight of the show was the strong performance from Zac Smith who played the lead character Daz.

Formula One in Schools Challenge

Three teams from Launceston College participated in the State Final of the Formula One in Schools Challenge that was held at the Tailrace Centre on Wednesday October 7.

A total of 28 teams participated in the FI Challenge that involved designing a scale model FI racing car using quite complex “CATIA” computer aided design software. This is the same software that Airbus and Boeing are using to design the next generation of airliners. CATIA is also used by a number of vehicle manufacturers, such as Toyota, as the principal design software for new car designs. This very expensive software is made available to schools at an affordable price through a special arrangement between the Re-Engineering Australia Foundation and the French company Dassault Systemes.

Students involved in the FI Challenge formed teams of 4 or 5 people and after designing their cars, forwarded the design data to Brooks High School where a numerically controlled overhead router is used to convert the design data into the basic shape of the car body using a balsa wood block as the main material. The machined body is then hand finished with pre-made wheels, axles and other components fitted.

Concurrent with the above design and manufacturing aspects of the challenge, teams are required to establish mentoring relationships with a range of community participants, this has typically included engineering companies, politicians and people from a wide range of business backgrounds.

Students also have to produce a professional standard Design Folio, create a corporate image for their team through designing and contracting team uniforms and through the production of graphic design materials such as business cards, posters and leaflets.

On the day of the state finals, the cars which are powered by a single use CO₂ cylinder, are raced down a purpose built track with speeds measured by timing equipment that is accurate to .001 of a second. Teams are also judged on folio presentation, trade booth presentation, engineering standards, and a team verbal presentation.

The three teams from Launceston College achieved very high rankings on the overall judging. At the time of going to press, the final placings were unavailable however it is believed that at least two of the LC teams gained an overall score that placed them in the top 5 in the “Senior Professional” class. The overall Senior Professional class was won for a third year by Brooks High School.

Teams represented were the Carbon Compression Racing Team with Tim Plail, Owen Clifford, Brodie Geeves, Joel McBride, Nick Gimpl and Andrew Morris.

The PDQ Racing Team consisted of Ben Robertson, Tom Payne, James Squires, Matthew Briggs and Nic Paley.

LC Lightning Racing Team was represented by Nick Frost, Alex Kerrison, Zach Bean and Jason Walls.

All participants put in an amazing effort and are to be congratulated for their fine achievements.

Back Row: Ben Robertson, Jason Walls, Nic Paley, Matthew Briggs, Zach Bean, Nick Frost, Bodie Geeves, Tim Plail
Front Row: Alex Kerrison, James Squires, Tom Payne, Owen Clifford, Nick Gimpl

Absent: Andrew Morris, Joel McBride.

Bar Operations

The Bar Operations program at LC is a great way to get Responsible Service of Alcohol qualifications which enables us to gain employment on a part time basis in order to support time at university, or for some, a career in the hospitality industry.

We have all operated Elcies Café Restaurant as a Bar on two occasions and this means that we have been able to put into practise skills we have learned during the course. So, we don't just get RSA, we get an opportunity to meet and greet customers, make a large range of both alcoholic and non alcoholic drinks, wait on tables and use the cash register; it is a 'real life' workplace environment.

Guest speakers also come in to discuss various aspects of selling alcohol responsibly and students get the opportunity to talk about the many issues to do with this topic, which is always in the news!

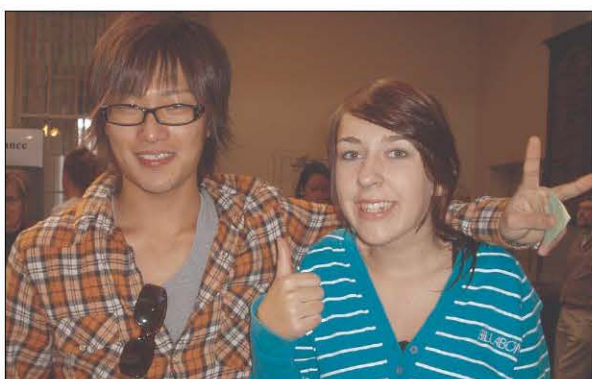

Global Gourmet Day

Currently at Launceston College we have over 15 nationalities and cultural groups represented, such as fee paying students from Japan, China, Thailand, South Korea and Hong Kong, exchange students from France, Canada, Sweden and Finland and new resident students from Afghanistan, Sudan, Eritrea, Ethiopia, Liberia, Sierra Leone, Burma and Bhutan.

Global Gourmet Day is about celebrating our diversity and sharing fine food and good company. This year we promoted the theme of strength in diversity. Diversity is not just something to tolerate. It is something to celebrate and to value. The differences between us

can be a source of wealth in terms of creativity and ideas, different ways of dealing with issues or solving problems, and deepening our understanding of human experience.

Seize the Day Awards

The 2010 launch of these Awards was held on Monday August 31 in the Launceston College Undercroft. Interested staff and students attended and heard from guest speakers including: Mitchell Lloyd who was the 2009 Seize the Day Award recipient and a previous Launceston College student. Grant Hinchcliffe, CEO of Tasmanian Independent Retailers (IGA), Deb Church, Acting CEO of Cancer Council Tasmania, and Scott Alexander, Cripps Area Manager - Northern Independents.

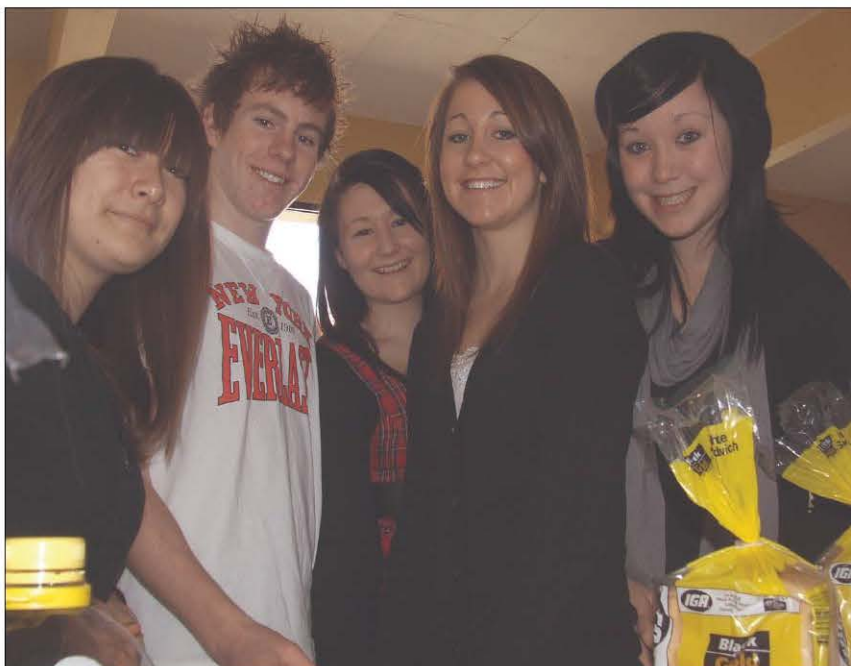

Activities and give-aways, including information packs, and access to helpful Cancer Council staff, were also a feature. LC FM also broadcast interviews and information about the Awards.

Yummy goodies at the Launch!

Mitchell Lloyd (2009 Award recipient), Grant Hinchcliffe, Deb Church and Scott Alexander.

Lovely LC students attending the 2010 Launch.

Activities at the 2010 Seize the Day Awards Launch.

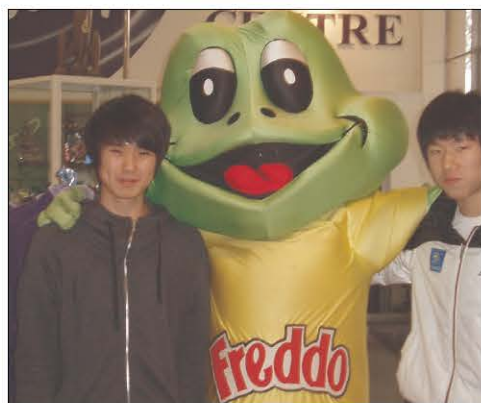

International Student Program

The International Student Program has been very busy and successful this year. We began the year with a morning tea and Welcome Dinner where students and their home stay parents, met together with staff from the College, to introduce themselves and get to know each other while enjoying a lovely Asian banquet. We have also enjoyed a number of morning teas and luncheons where we welcomed and farewelled students from all parts of the world, including Canada, France, Finland and Norway.

Our first trip was a two day excursion to Hobart where we visited the Cadburys factory, Shot Tower and shopped in the city. We then travelled to Port Arthur where we stayed for the night and went on the ghost tour. The next day we explored the Port Arthur ruins and went on the boat tour to the Isle of the Dead. We stopped in at Richmond and Ross on the way home.

During Term 2 a group of us went out for dinner and then onto the College's performance of Disco Inferno. Global Gourmet Day was very exciting as all the students worked in country based teams to produce some fantastic food.

Another outing took the "Harry Potter" fans off to the movies to see the latest film. Throughout the year we were visited by the UTAS liaison officer. Some students went to the university campus for orientation while others attended the mainland university open day at Scotch Oakburn.

Our second excursion went to Coles Bay and the Freycinet National Park. Students visited the beautiful Friendly Beaches where we saw surfers and friendly wallabies. We then went on to Honey Moon Bay for lunch, the Lighthouse for spectacular views of the coast line and concluded with a brisk walk to the Wine Glass Bay Lookout.

International Student Program

In September, the Korean students attended a special luncheon at Newstead College to mark their traditional Harvest time.

Students enjoyed attending the Launceston College Ball and we finished off the year with a Farewell Dinner.

Special thanks must go to Yvonne Scurrah for her fantastic support throughout the year.

Selina Diplotti
International Student Manager

Launceston College held its Welcome Dinner for International students at the Wok and Grill Restaurant on the March 25. Students and their home-stay parents, together with staff from the College, met to introduce themselves and get to know each other while enjoying a lovely Asian banquet.

Housing & Design

Students gained architectural design skills and solved a range of design challenges. They considered environmental, aesthetic functional and ergonomic factors as well as the needs of the clients when designing kitchens, bathrooms, a passive solar town house and a tropical retreat.

French

In 2009, around 80 students studied French at Launceston College in three classes. In February, Kaitlin returned from a two month exchange to France, full of excitement, enthusiasm and confidence for her French studies this year. Hannah, who finished studying at LC in 2008, embarked on a 5 month language stay in the north of France as part of her gap year.

French cuisine was showcased on Global Gourmet Day in Term 1 with the wonderful help of Freddie and Halana. Throughout the year, in both day classes, we sampled tarte au citron, fromage, pate, bonbons, biscuits, crepes, chocolats, baguette, croissants, éclairs and millefeuille. The delicious French cuisine provided by night class students at the end of Term 2 was too extensive to describe.

Exchange students Janina, Emmanuelle and Pierre enriched the French 3 class with their language help and bubbly personalities.

Emily, Matt and Hannah, students in French 2, were fortunate to go on family holidays to France in Term 2. At least 7 adults in the evening class also had trips to France throughout the year, enthusiastically sharing their anecdotes, photos and experiences on return.

Kaitlin, Kirby, Rhyanna, Andrea and Keitha, in French 3, have been busy with the interesting and useful UTAS/ONLINE extension language course. All students in the level 3 class are attending weekly conversation tutorials run by the Alliance Francaise in Term 3 to help them prepare for the imminent oral exam.

French continues to be a passport to the world of travel and education for many LC students, opening doors and providing memorable experiences.

Contemporary Music & Audio Design

One word describes this year for Contemporary Music and Audio Design: Massive!!

First up was Music in the Park. We had students entertain the public of Launceston on Sunday afternoons.

Crazy Day was another success as students performed during the day for the eager shoppers.

The contemporary section of the Launceston Competitions was held at Launceston College this year. The first night was for soloists and the second was for the bands. This attracted over 400 people.

The production this year was a team effort from the Audio Design Department to provide the sound for the season.

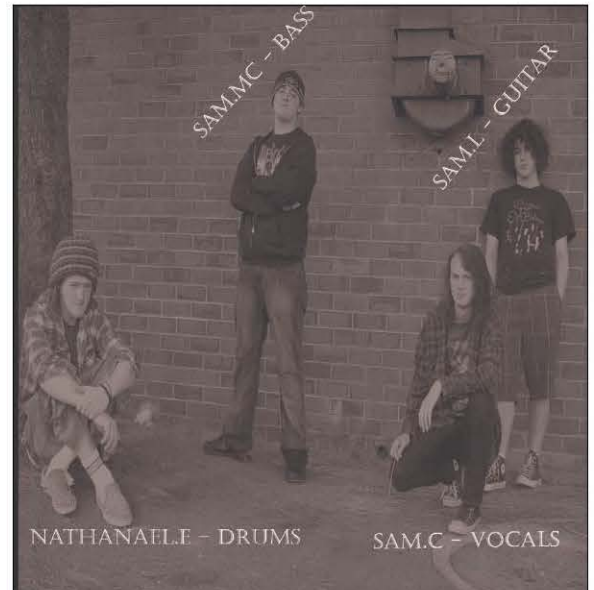

Some audio students used the new PA and Mixing Desk for the Mind Body and Soul festival held at the Albert Hall over three days.

Contemporary Music students and Audio Design students provided the live music and audio for our Dance Fever event.

Launceston Rock Challenge playoffs was another great success with the Audio students and Contemporary Music students working together to entertain the public.

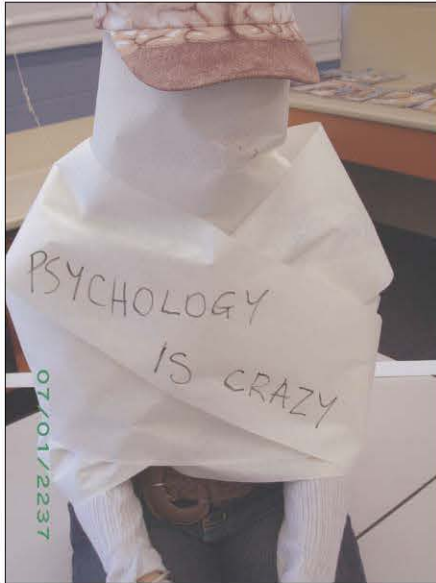

We had a large number of students performing at events and gigs throughout Tasmania and even in Melbourne this year.

Our Rock iT, Write iT, Record iT program was very popular with the high school students on Tuesdays from 4pm until 6pm. We offer free tutoring in all aspects of performing, recording and even marketing to young musicians from all levels of playing/performing abilities.

We have updated our studios to the latest Pro Tools software and have had commissions from groups in Tasmania to record promotional products for the commercial market.

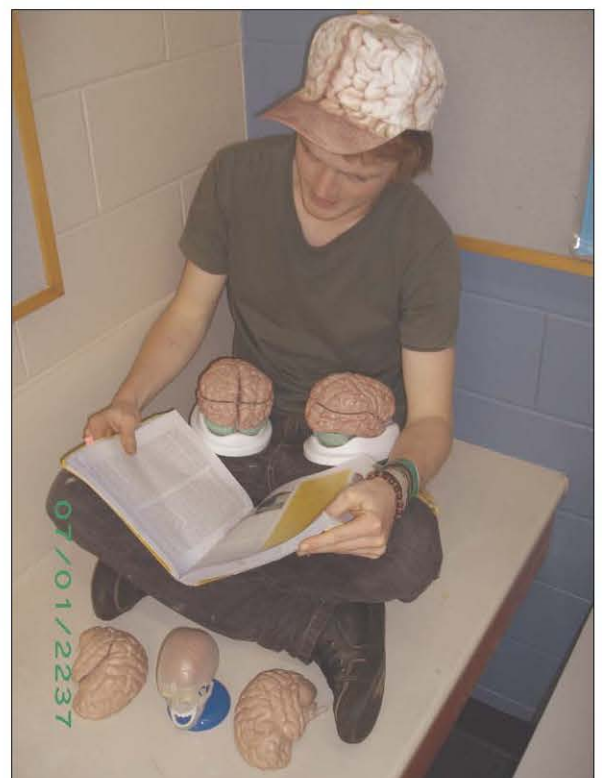

Behavioural Studies

This year will go down as being one of our most challenging years as we attempt to reach the academic heights of 2008. Our students produced some excellent work to gain an unprecedented number of EAs in Psychology and Sociology. We hope to maintain our place as a college that can hold its own amongst others in the state.

In Psychology we began the year covering the module Individual Differences, which was to be the Independent Project topic for the externally assessed folios, that were submitted in the last week of Term 2. As per usual this challenged both staff and students as they worked frantically to get them completed in the short timeframe. But they did it, as they always do.

We also covered such diverse topics as Visual Perception, Learning and Remembering. Like any level 3 subject with high expectations students commented that it was 'fun, challenging, different' (Lachlan), 'challenging, but everything you learn can be related to everyday' (Kenna), 'rewarding' (Mickey), 'surprising and interesting' (Margaret).

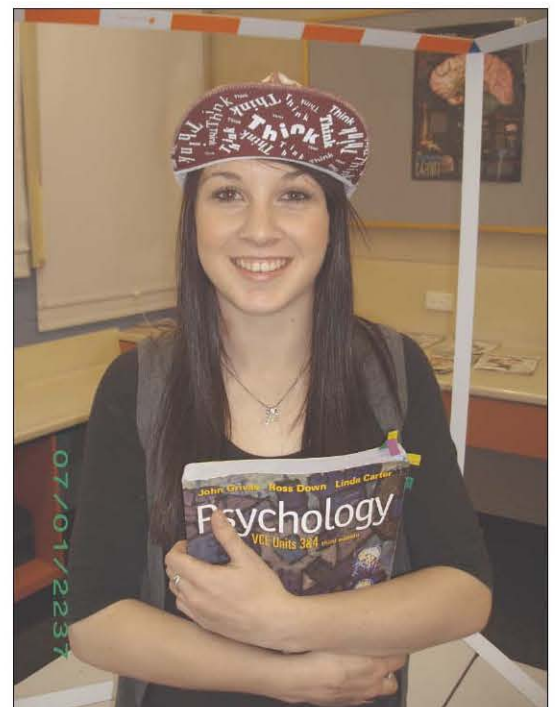

Behavioural Studies

At the time of writing, the Sociology students are working hard to complete their own folios which are due soon. Their topic focus is Inequity in Australia. Their study of such areas as the institutions of Family, Education and Work, along with Deviance and Socialisation, has challenged their thinking about the makeup of Australian Society.

In Introduction to Sociology and Psychology students have had a less intense time as the subject lends itself to allowing the teacher and the students to take their time with the content and branch out into areas of interest, while also acting as a stepping stone to the level 3 subjects in Year 12. We've looked at the Brain, Personality, Youth and Visual Perception amongst other topics. Comments by students ranged from, 'I learned a lot and help was always there when I needed it' (Kayla), and, 'it was a fun way of learning and I really encourage others to do it', to, 'Intro is like a box of chocolates...you never know what you're going to get'.

Dance Fever

Launceston College presents:
Dance Fever 2009

*Songs of
Stage and Screen*

Featuring students from: Launceston College, Prospect High School, Riverside High School,
Kings Meadows High School, Queechy High School, Exeter High School
Perth Primary School, Riverside Primary School, Glen Dhu Primary School and Rocherlea Primary School

Wed 2nd & Thurs 3rd September
Door of Hope Auditorium
at 7pm
Tickets from Launceston College Office

Maths Stats @ LC

640 students enrolled in Maths in 2009

MTA2151	Maths Applied 2	176
MTA3151	Maths Applied 3	174
MTM2151	Maths Methods 2	70
MTM3151	Maths Methods 3	93
MTS3151	Maths Specialised	17
MTW2151	Workplace Maths	110

Students collectively attended over 2000 hours of tutorials.

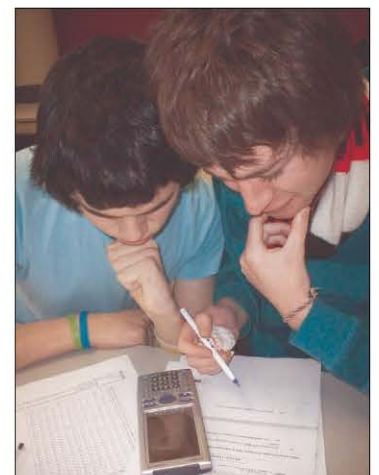

8 students (pictured above) participated in the Maths Relay on August 9. Competition was tough.

16 students sat the Australian Maths Competition on August 6. You gained 1 High Distinction - Tomas Steele, 3 Distinctions – Alexandra Woodworth, Jessie Ling and Ebony Tosch, and 3 Credits – Mathew Guy, Daniel Morris and Felicia Ting.

3 students were invited to sit for the M L Urquhart Competition – Tomas Steele, Ebony Tosch and Dae Hee Chung. Results were not out at the time of publication.

Students saw the Maths rooms re-painted at the start of 2009 and some of you used the new Classpad calculators that actually perform the algebra for you!

Life Drawing

In 2009 the enrolments for Life Drawing doubled, further enhancing our reputation as the preeminent Life Drawing facility in Launceston.

Highlights and Achievements for Art in 2009

- * Alyssa Smedley wins Tasmanian Young Archies Portrait Prize College Section.
- * Year 12 Abstract Expressionist, Georgia Burke, Finalist in Birchalls' Tertiary Art Award.
- * Amy Bradford and ex LC student Nicole Evans finalists in RACT Youth Portraiture Prize.
- * 96/100 Launceston College Past and Present Alumni Exhibition @ Academy of The Arts.
- * Metamorphosis Visual Arts and Media Artist in Residence Program, site specific sculpture with Jo Hutchison.
- * Life Drawing and Night Photography Exhibitions.
- * Jewellery now in the Visual Arts portfolio.
- * University College Program; "Transit" Colloquia.

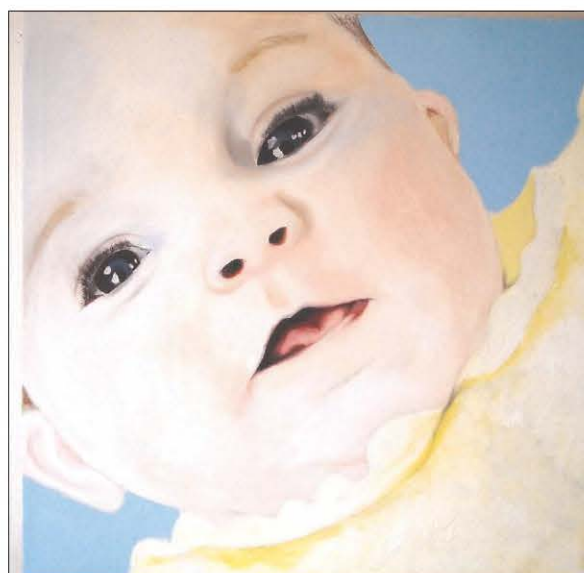

Jessica Douglas admires Nicole Evan's "Self Reflection" from 96/100

Line 4 Art students check out the exhibition.

Blaze Flannery views work by Rohan Nunn and Jacqueline Williams at 96/100.

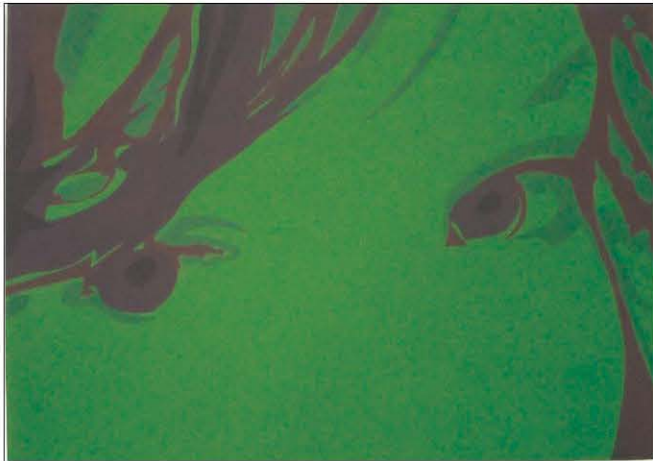

"Lily" by Amy Bradford was a finalist in the 2009 RACT Portraiture Prize

Alyssa Smedley with her winning Tasmanian Youth Portrait Prize entry, "Uncle Geoff".

"Untitled" by Georgia Burke was a finalist in the Birchalls Tertiary Art Award.

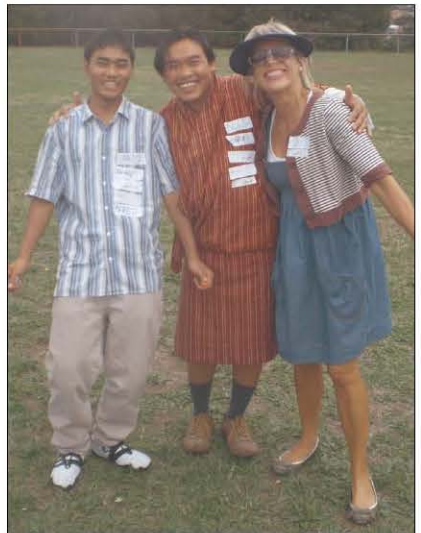

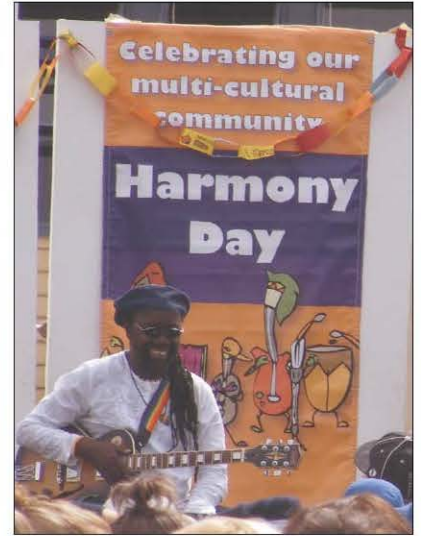

Ebony Tosch, Ellie Cope, Karyssa Arendt, Hunter Peterson, Josh Bounday and Alyssa Smedley attended the Young Archies Portrait Prize in Hobart.

Rohan Nunn "Flesh Bones and Weaknesses"

Harmony Day

Over 30 Launceston College ESL students were invited to participate in Harmony Day celebrations at Queechy High School. Our students from Liberia, Sierra Leone, Ethiopia, Eritrea, Sudan, Bhutan and Burma shared many aspects of their culture with hundreds of Primary and Secondary students and local community members. Our students loved the opportunity to share their music and dance, colourful costumes, traditional games, hair braiding, delicious food and demonstrate writing from different language groups.

January 2009 saw the LC Dance Department host their annual Contemporary Dance Summer School. The one week course was attended by University students, high school and College students as well as current teachers. The Summer School will run again in January 2010.

We were fortunate enough to have Jay Watson on board in Term 1 teaching our level 2 students while Rebecca was away with baby Isobel.

After huge success at the Launceston Competitions and with Hayley Turner being fortunate enough to be selected to perform in this year's Tasdance schools touring program, the year got off to a great start.

At the end of Term 1 Sally took a group of students to Sydney for our annual Dance trip and all enjoyed the opportunity to take classes at The Sydney Dance Company and Act, Sing, Dance. Attending the musical 'Chicago' was a highlight of the trip.

Dance Fever 'Songs of Stage and Screen' was held at the Door of Hope auditorium on September 2 & 3. College students as well as students from 5 high schools performed alongside students from Glen Dhu, Perth, Rocherlea and Riverside Primary. It was a fantastic show with sold out matinees and fantastic evening audiences.

Level 2 students had a busy year participating in the Launceston Competitions, in Dance Fever, undertaking a genre study unit as well as many choreography and theory tasks. They finished the year with a site specific project which they choreographed as a major assessment task.

Level 3 students performed in the competitions and then worked hard to prepare group pieces for mid year exams. Sally, Rebecca and Jay were very impressed with the high standard of student work.

Term 3 was about solos and folios with students utilising class and tutorial times to ensure they were ready for external assessment.

A busy and fantastic year!

Rebecca, Sally and Jay

Music

Another year in the music area and it's hard to remember all that we did together as each event has rolled into another. Yes, there were 5 months of living and breathing the College Production, 'Disco Inferno' and we rehearsed and rehearsed and we loved it! As we listen to the recording it is hard to comprehend that it is not a CD playing, that the band consists of talented and conscientious students who delivered a first class performance every run. It was great to have some of our past LC music students back in the pit – Yan Lang (keyboard repetiteur), the ever accommodating Michael Pfundt (drums), and our extraordinary bass player, Samantha Guy.

These musicians together with other students Sam Locke (guitar), Brent Jacobson (guitar), Laura Sykes (synthesizer), Dylan Mountney (sax), and Luke Young (percussion) performed as well as any professional band.

The overall sound of the band was enhanced by the excellent work of our audio team under the astute guidance of Audio Design teacher, Adam Langridge. Josh Flood, Jed Tyberek and Miranda Whittle have

shown that they have further refined their skills and knowledge this year and are to be congratulated for their enthusiasm and passion.

The Launceston Competitions had our ensembles and individuals working to the best of their ability with enormous success. Launceston Church Grammar had to return the Examiner Shield for 'Champion Choir' back to Launceston College's vocal ensemble. One mark separated the top two choirs and our 'boys' got an extra special mention. The vocal ensemble will perform again at the Young Composers concert and at the Graduation Ceremony.

Individual students won their performance sections – Lydia Bissett, James Harrison, Melissa Goodger, Laura Quigley, David Deeth, Eleanor Knox, and Nicole Lazdauskas. Second, third place winners and honourable mentions were given to Lydia Bissett, Melissa Goodger, Ashleigh Brooks, Darien Colbeck, and Laura Sykes.

Once again, Launceston College excelled in the Original Group Composition for years 11 and 12, gaining first place (Lydia Bissett), 2nd place (Kirby Clark) 3rd place (James Harrison) and Honourable mention (Callum Tully, Nicole Lazdauskas, Jamie Winter).

Other prestigious wins were The John Stephenson Champion Piano solo – Lydia Bissett (first place), Sue Cathcart Memorial Youth Jazz Award - Lydia Bissett (2nd place), Youth in Blues Award 16 and Under 19 – Sean Zolnierczak.

Launceston College students featured in the Tasmanian Symphony Orchestra's 'You're a Legend' Student Composition Competition. Students were required to compose a piece for flute and clarinet inspired by legendary characters. Three students from Launceston College entered the competition and found the task challenging to be confined to composing only for two woodwind instruments rather than a number of orchestral instruments. Ashleigh Brooks, Julie Howard and Kirby Clark were able to produce creative works entitled 'Cleopatra's Soliloquy', 'Nuvisione Napoleon' and 'Merlin Ambrosias'.

Kate Gray, Education and Training Coordinator for the TSO commented on the standard of work produced by Launceston College's three entrants saying that they stood above those of other state entries. The final decision was made by the TSO Artistic Department in collaboration with Douglas Mackie, TSO Principle Flute and Duncan Abercromby, TSO Principal Clarinet. Kirby Clark's work, 'Merlin Ambrosias' was the winner of the competition. Her work featured in the "You're a Legend" schools Concert held on July 10 at the Princess Theatre. At the time of writing this article, level 3 students are preparing for the Young Composers concert, having their works recorded by the audio design students and preparing for their final Performance Recitals.

Congratulations to all music students who have continued to work creatively and passionately to maintain a highly exciting cultural environment and high standards in the Performing Arts at Launceston College.
Jenny Bakun

Science

Another good year in Science with lots of Physical Sciences classes and a great bunch of Year 11 & 12 students.

This year started with 3 students working with the School of Agricultural Science (UTAS) over the January holidays and 3 others winning positions in the National Youth Science Forum in Canberra. It is finishing with Jesse Ling, Justin Bannon and Will Edward being invited to the 2010 NYSF in Canberra and Western Australia. Very well done to those students!

Biology has had its usual excursions with general amusements including getting wet at Low Head. (Part of serious work they say on the intertidal zone.)

Chemistry has had the Chemistry Quiz Competition. Pracha won a plaque and certificates were won.

Physics was to have had a Physics Quiz but the other schools failed to raise teams so clearly we won.

We also had Professor Christine Charles from ANU give a talk on ions and ion physics including space drives and ion implantation. A big group turned up to hear her. (This was probably so they got out of Maths.)

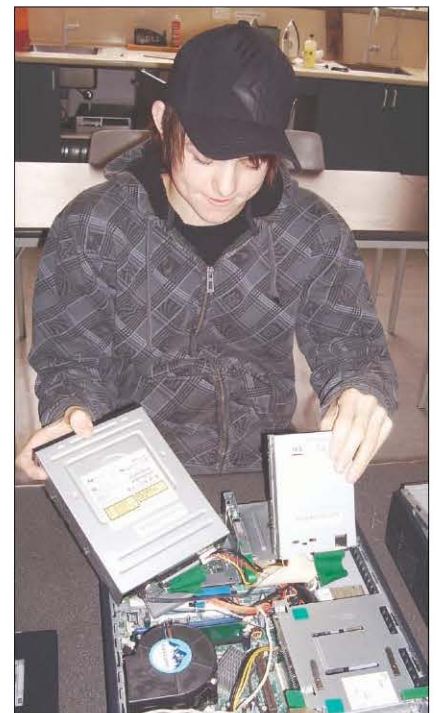

Jason Dicker also gave a talk to staff and classes on Astronomy, given this was the year of Astronomy.

We also started work on the electric car conversion in the Electro-technology class.

Late this year we are having another Australian Institute of Physics Lecture by Professor Lineweaver on quantum cosmology. Should be interesting.

Outdoor Education

EXPEDITION

4 self sufficient multi-day journeys into some of Tasmania's spectacular National Parks and alpine regions

Trip I (3 days, March) - Mt Ironstone, Lake Nameless area

Trip II (4 days, May) - My Ossa via Arm River

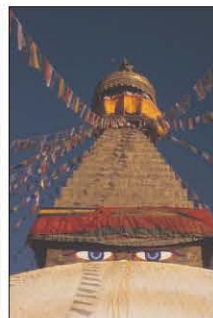

Trip III (3 days, July) - Walls of Jerusalem, winter

Assessment Trip (4 days, early October) - Cathedral Mt / Mt Ragoona region

INTERNATIONAL EXPEDITION - NEPAL 2009

It's about adventure travel, meeting new people, new places, experiencing diverse cultures, landscapes and religions, it's a journey of personal discovery and development, a 24 day trip, 16 day trek in the Everest region.

Outdoor Education

ADVENTURE RECREATION - students undertake a range of outdoor adventure activities, developing technical skills, experiencing personal challenges and building group dynamics:

- * Kayaking - rivers & sea
- * Whitewater Rafting
- * Day Walks - alpine & coastal
- * Mountain Biking
- * Rock Climbing & Abseiling

OUTDOOR LEADERSHIP 3

This leadership course is a university entrance subject which uses the outdoors as the medium for delivery. Students have undertaken a range of outdoor adventure activities to explore, develop and evaluate leadership, judgement and decision-making, problem solving, risk management and communication.

One of LC's best known retired teachers and long-term advocate, Douglas Ewington died suddenly on February 5 this year.

Douglas was born in Queenstown in 1945; as a young person he began his life-long association with the Scouting movement. He completed his Science degree and B. Ed at the University of Tasmania. He became Senior Master of Geology at Launceston Matric in 1971, having taught at a number of high schools in the state. At the time, there were up to 9 classes of Geology at College - the fourth most popular subject after English, Maths and Biology. Over his many years at College Douglas taught Geology, Biology, and Environmental Studies. His rock specimen collection was legendary.

Douglas had many administrative and senior teaching roles at the College, and was well known for his passion, common-sense approach and attention to detail. Among numerous activities and interests over many years of involvement at LC, notably, he was instrumental to the development of B Block, encouraged students to enter the Duke of Edinburgh Award Scheme, as well as being a great supporter of the Library.

Douglas contributed many articles to the parent newsletter about the history of the College, and College Association matters. He was on the executive committee of the College Council from its inception in 1985 and became Chair of the later College Association in 2004. He and others fought tirelessly for the future of the College during the Tasmania Tomorrow changes. Shortly before he died he saw the new 'Ewington Room', a classroom restored to its original décor, set up for meetings and named in his honour.

Douglas worked tirelessly for several community organisations, notably the Scouting movement for over 40 years, including some years as Commissioner. The Queen Victoria Museum appreciated his assistance in matters to do with geology and biology. He is well-remembered for his letters to the Examiner about geological issues, especially to do with the condition of the Tamar River.

At his retirement in 1999 one of his colleagues, Dr Tony McCormack said:

'Douglas was relentless in his pursuit of excellence. Students and teachers at LC benefited greatly because of his hard work and persistence. Well organised and totally prepared, Douglas had the respect of his students, especially his Geology protégés. His passion for teaching will be very hard to repeat. His promotion of Launceston College is likely to continue for many years to come'.

Staff and students of Launceston College will benefit for many years from Douglas's tireless efforts on behalf of educational excellence and this College in particular.

On June 18 our Administrative Manager, Robin Jessup, died suddenly at home.

He spent only a relatively short time at Launceston College, having received an urgent request from us to take up the role from his much deserved retirement, however that time is not reflective of the impact of his contribution. His time at Launceston College was one of significant action and facility improvement and development.

Robin held the view that the quality of facilities and amenity of the campus impacted directly on the performance of students and staff, and seriously undertook to be part of providing the best environment for all of us here at College.

Prior to arriving at Launceston College, Robin had held numerous high level administration roles in the Public Service for over 40 years, and was held in high esteem by all his colleagues, past and present.

Robin was a man of great humour and compassion for the feelings of others. He is sadly missed.
