Launceston College has for decades been recognised as a leading place of learning, with significant opportunities available to students across a spectrum of courses and subjects.

That tradition of ensuring student's aspirations are met, continues to drive this college, with programs and facilities constantly being developed.

As a result Launceston College had in excess of 1400 students involved in our programs this year, a very significant validation of Launceston College's direction, the expertise of staff and the commitment of the Launceston College Association. The large number of students also highlights the responsibility that LC has to ensure it continues to provide the northern community with a college that reflects tradition, vision and excellence in all that it does.

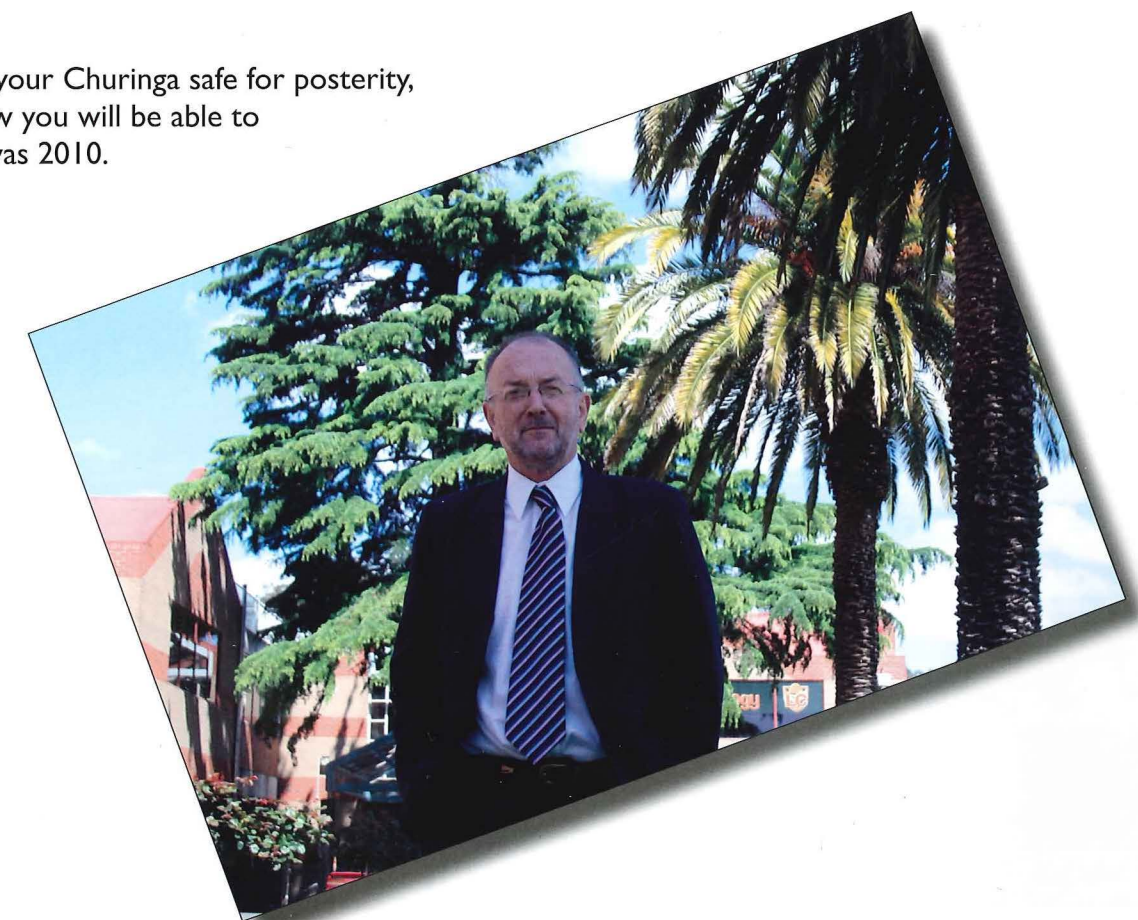

LC in 2010 continues to raise the bar in provision of student facilities with arguably the best campus in the state. The recent developments have given rise to a campus that has a proliferation of student study areas, up to date subject areas and constantly extending ICT provision. The Library is continually developed to extend its research capacity and attention given to ensure a motivating learning environment across the college.

Launceston College values highly the almost 100 years that it has been a leading educational centre for Launceston and Northern Tasmania and this year's Churinga evidences the work, talent, skill and energy of many of the 1400 students who called LC "my college" in 2010.

2010 was a very successful year for Launceston College, evidenced by the community confidence reflected by enrolments, outstanding student outcomes in academic and training spheres, another wonderful joyous musical production and ongoing support for primary and high school students through such LC initiatives as Esk Band.

Clearly, our reputation for high quality student outcomes continued in 2010 and is evident in this magazine. Enjoyment, safety and the critical skill of socialising is also part of the culture of LC and that is also recorded in this magazine.

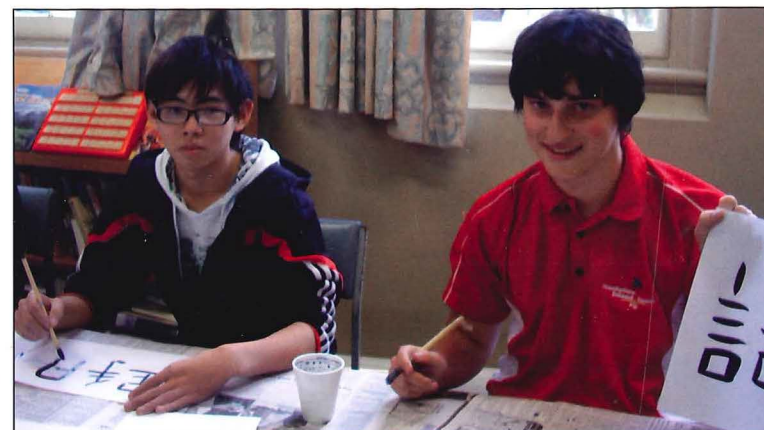

Make sure you keep your Churinga safe for posterity, in ten years from now you will be able to relive the year that was 2010.

Two classes of Japanese operated this year, with many students challenging themselves and learning as much of the language as they could.

Beginners were surprised how much they could read and write after less than a year of study, and some pre-tertiary students were very pleased with their personal progress.

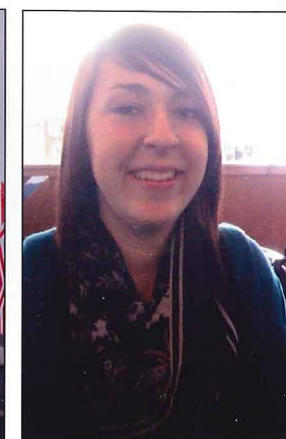

Congratulations to:

Morgan, Alex, Karen and Marisa who concurrently studied the UTAS Colleges Language Program, Karen and Dannielle who competed in the state wide Speech Contest in Hobart in August, and Marisa who won a scholarship to assist her to spend a month in Japan in the summer holidays, attending an intensive course for foreigners at a university in southern Japan.

Special activities included calligraphy lessons, restaurant visits, origami, anime and a guest speaker from a Melbourne university.

Cafe Culture operates from Elcies Cafe each Wednesday morning between 10am and 10.50am.

This is a fully operational cafe offering students the opportunity to gain a nationally recognised certificate in "Preparing and Serving Espresso Based Drinks" and a Certificate of Participation from the College.

Students gain experience in both back of house and front of house skills including cooking and presenting cafe style food for sale.

As the Cafe caters for functions, the students have had an opportunity to present their skills at such occasions as Learning Area meetings, Orientation Days, invited guests of the College and College Production Celebrations

Many students have elected to attend the Cafe course throughout the year and this has led to employment opportunities for them within the local community.

Student comments:

Carissa Lezzi: *I enrolled in Cafe Culture in February and have continued the course throughout the year. I have really enjoyed learning how to make coffee, present to customers and even*

learning how to clean the machine. I have also enjoyed working in back of house where I have learned about food preparation and presentation and the pressures of meeting the customers' needs. I can recommend the course to anyone who loves coffee and wishes to learn about hospitality.

Emily Brown: *I am currently in my second class of Cafe Culture and it has been a most enjoyable experience. I have learnt many new skills in hospitality work. I can recommend this course to anyone who may be looking for work in the hospitality industry. I have made many new friends in the class and I have had some enjoyable times.*

Adam Barnett: *This year I have attended two Cafe classes and I have really enjoyed the experience. I am very interested in the hospitality industry and this class has helped me improve my skills in both front and back of house. The cafe has a very welcoming environment and I have made many new friends. The teacher, Helen is very helpful and encourages me to attempt new skills. I can recommend this course to anyone who likes to work in a team. I have been inspired to enrol in VET Hospitality next year.*

In 2010, around 75 students studied French at Launceston College in three classes. We are so lucky to have French-speaking Congolese students on our campus who love every opportunity to speak their native tongue. It was a wonderful bonus that all the exchange students from France chose to join the classes in terms 2 and 3. Jules from Lyon and Gaspard from Versailles were in French 3, Claire from Bordeaux joined both French 2 and 3 and Victor from the Jura region was in French 2. Vivian from St. Nazaire was another friendly French presence around the College. These young French students taught us so much about their country, culture and language. They gave us rich memories and a keen desire to visit France as soon as possible to renew friendships and practise our language skills.

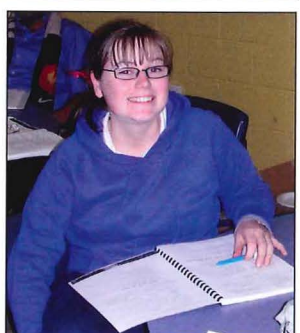

In June, Keitha enjoyed three weeks in France and attended a one week language course in Paris. Sivionne spent several weeks holidaying in France and studying in Montpellier. Kathy practised her French in the Middle East. Several students in the night beginners' French class enjoyed trips to France throughout the year and enthusiastically shared their experiences on return. Rod enjoyed speaking French in Montreal.

Many students in the pre-tertiary class benefited from their enrolment in the UTAS/College extension language program as well as the Alliance-Francaise conversation tutorial sessions in term 3.

A variety of French food continued to be well received and macaroons were a favourite this year along with crepes, Paris-Brest, chocolates, biscuits and delicious gateaux including tarte au citron. Valentine's Day, Mardi Gras, La Fete Nationale and farewell parties are always perfect excuses to enjoy delicious French treats.

French continues to be a passport to a fascinating world for many LC students, opening doors, creating opportunities and providing memorable and enjoyable experiences.

Au revoir et bonne chance to Stephanie who will spend six weeks in France over the summer break!

This year the Anime Club again met on Wednesdays after College in the Theatre.

An average of 8-10 students attended every week. All had in common the desire to watch Japanese animated movies and series, in Japanese with English subtitles.

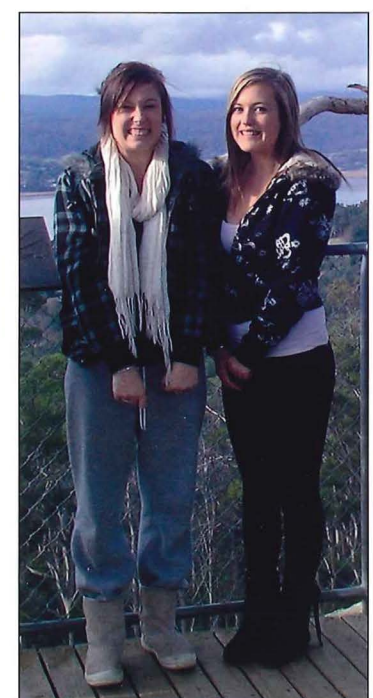

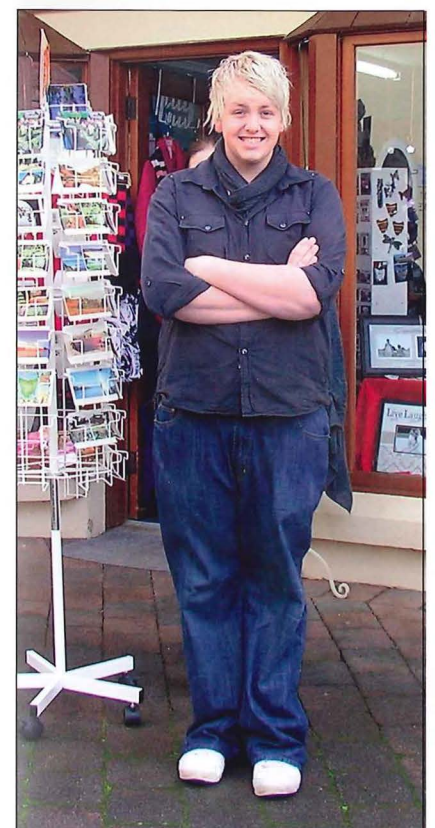

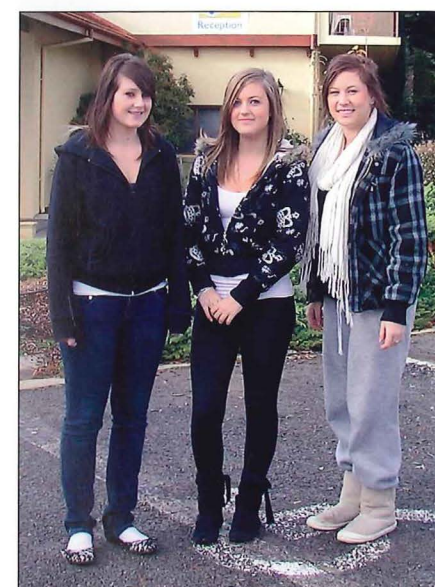

Movies included the well-known Howl's Moving Castle and The Girl Who Leapt Through Time.

We watched episodes of various series, ranging from humorous to scary, modern to traditional, gentle to "trippy".

Some included: Desert Punk, Samurai Champloo, Rurouni Kenshin, Chobits, Moon Phase, Kino's Journey and DN-Angel.

Thanks to the students who assisted with technical issues.

Student Support Student Advisor Program – Term 2

This year the Student Support team facilitated a series of innovative and informative presentations for all the students during Term 2 covering the following topics: Alcohol and the teenage brain, Sex and healthy relationships, Cyber-safety, Emotional intelligence and How to manage stress

The presentations were very well received and addressed issues that are highly relevant to the students. Every year the Student Support team create and facilitate various programs, offered throughout the year, to assist the students excel at college and then excel in the 'real world'. The Student Support team actively ensures that all their presentations and forums meet the needs of as many students as possible.

Back: Const Deon Johns. Centre: Natalie Heiniger, Sharyn Lawrence, Susie Dewis, Deb White. Front: Joe Duffy, Peta Bishop.

White Balloon Day

On Thursday 14th October, two students, Caitlan Sargent and Kendall Boyd ran a very successful 'White Balloon Day' with Student Support social worker Nat Heiniger, UTas student social worker Karen Mason and Laurel House staff.

White Balloon Day raises awareness of child sexual abuse. Launceston College staff and students signed display boards pledging their support for community change and taking a stand against the ongoing problem of children being abused. The day raised over \$125.00 for Bravehearts, the advocacy group leading the way in raising the issue and demanding change. Well done to our fantastic and passionate students Kendall and Caitlan, and thanks to everyone who helped out and to all the people who participated.

Peta Bishop

This has been a fantastic year in which I have got to know many students. It has been wonderful working in various areas, such as "The Youth Employment Showcase", learners licence testing, not to mention my favourite ATTENDANCE !!!! where I have seen many students make positive choices in attending so WELL DONE. P.S Cheerio to year 12's and best wishes for the future.

The Youth Employment Showcase is an annual event that I am extremely passionate about, as I am a committee member.

This year it was wonderful to have many of our LC students enjoy the Showcase, not only on the day with meeting and greeting real employers and applying for part time positions, but also post and prior events, with our employability workshops, work experience and even winning great prizes.

Joe Duffy

As LC is such a vibrant and dynamic place, it has been a real privilege to come on board as college chaplain this year.

By participating in class activities, excursions and student programs, I have been able to get to know loads of interesting and fantastic people.

It's been especially rewarding to encourage those who are preparing to join the work force next year, and it's always a bonus when you can practice your jump shot in the gym while spending time with students.

Natalie Heiniger

It's fantastic to work at LC where I get to meet and assist so many different students and parents with all sorts of things. I never know what I'll be doing next! 2010 was another busy year. I'm always amazed at how students manage to overcome some really complicated or hard problems and keep going with school. Our young people are learning not only the subjects they're enrolled in, but how to be great adults in charge of their choices as they move on from their time at College. To all the students I've met who are leaving us this year, best wishes for whatever your futures hold!

Deb White

I've had a great year, working in all different kinds of ways with my student clients, from formal assessment for exam dispensations to playing with plasticine to explore emotional issues!

Sometimes we've done skill development (such as communicating with parents!) and sometimes it's just been a matter of listening to what the person has to say, to help them find their own answers.

Whatever we've been doing, it's always a great privilege to be part of the process of helping someone's life to unfold the way they want it to. It's also been exciting to notice that students are readily accessing support these days – "the times they are a changing"

Susie Dewis

I am a social scientist and work as one of the Student Counselors at the college. I have been at the college for nearly 5 years and enjoy my role. I specialises in counselling in relation to alcohol and other drugs.

I also facilitate class group work, in collaboration with teachers, on alcohol and drugs, exploring their risks and effects and raising awareness of the harms associated with their usage.

I promote positive health and wellbeing messages and work at fostering resilience within young people in order for them to be able to make good, healthy decisions and choices.

Harmony Day 2010

Glorious March weather! Orange tones, posters, faces of every colour in photos, written stories, facts and figures, a map of the world...

All blended to make an harmonious event. Harmony Day at LC was a reflection of mutual understanding, friendship and collaboration on the part of Australian, Anglo-Saxon, African, Asian and European alike. Some classes had produced colourful displays to demonstrate their meaning of 'harmony', in written and visual form. The activities

during lunchtime in Col Lane included plastering a map with stickers demonstrating student ancestral origins, creative writing on orange strips of card to make a paper chain and the giving out of Harmony Day stickers, balloons, badges and tattoos. The reason for the annual event in March seemed clear. Quotes taken from the orange chain include:

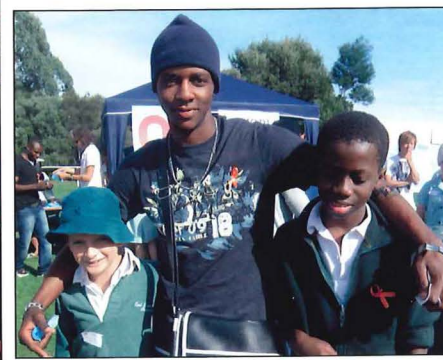

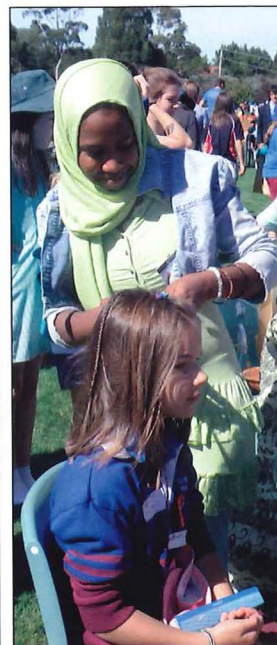

"Learning about loving and respect for each other"

"Accepting differences"

"Treating everyone as being valuable"

"Being a team"

"Different cultures make for an interesting place to live"

Harmony Day at Queechy High School was abuzz with activity – green grass, blue skies, orange balloons, shade tents and thousands of kids. The idea was to give children an opportunity to experience other cultures very different from their own. In doing so, they can then appreciate the value of those cultures joining the Australian community. LC EAL students set themselves up to lead many activities – hair braiding, henna hand painting, dancing from Bhutan, name writing in Arabic and Burmese, tattooing, helping the children to write a meaningful comment for the orange Harmony chain, playing cultural games, giving away Harmony Day stickers and badges and using the map to demonstrate where their country actually is in relation to Australia. All students played their part with enthusiasm and maturity and were rewarded by kids saying "Wow!! That's so cool!" as they wandered off with a tattoo, new hairdo and an Arabic name tag or henna painting. It had a fantastic atmosphere and was a credit to the fabulous organisation of the Queechy staff and students.

On the evening of 19 June, seven beautifully attired Launceston College EAL students arrived at the Country Club Casino on a cultural mission. They had volunteered to give up their time to meet and greet guests of the *Moonlight Children's Charity Annual Dinner*, where the theme was 'the jungle' and Africa.

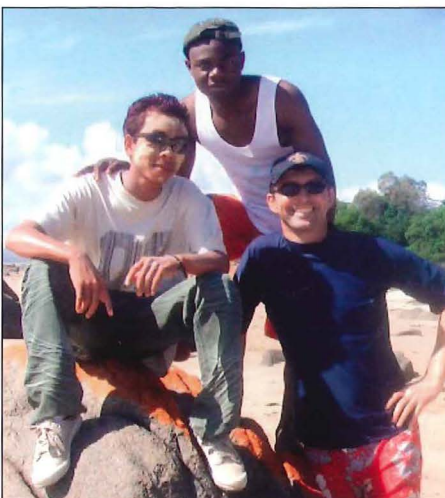

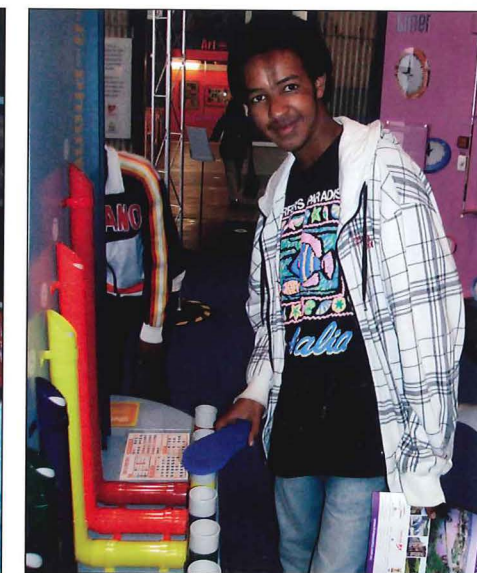

This dinner raises funds for the Life Education Programme targeting health issues throughout schools in northern Tasmania. Each one of these enthusiastic ambassadors represented their birth country, adopted country and school with great poise and maturity.

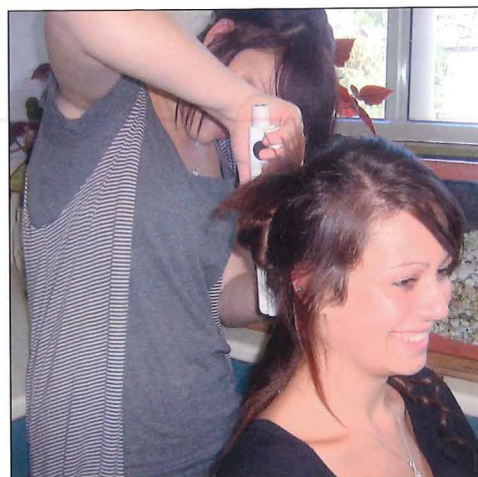

EAL students: Muna Habab, Bawi Lian Za Thang, Madhavi Acharya, Fatu Konneh, Mehre Etay, Aristote Biamungu and Nar Maya Nerola.

Student Presentation at UTAS

On Monday 23 August, four of our students, Nute, Laxmi, Hawa and Lizzy travelled out to UTAS with two support people to give a presentation to about fifty third-year Education students. These students are involved in units relating to teaching EAL (English as an Additional Language) and LOTE (Languages Other Than English). These very courageous students told the story of their lives in their countries and their experience of being refugees, to an auditorium of students from the University. They also talked about their varying feelings of happiness, excitement and sadness when they learnt that they were coming to Australia and about the reality of living here in Launceston now. It was a powerful and moving presentation by all involved and the audience gained a valuable insight into the journey these students have come on. Many students and staff from the audience expressed admiration for the strength it took for our students to stand up and tell their stories. Well done to those students.

Hawley Beach Excursion

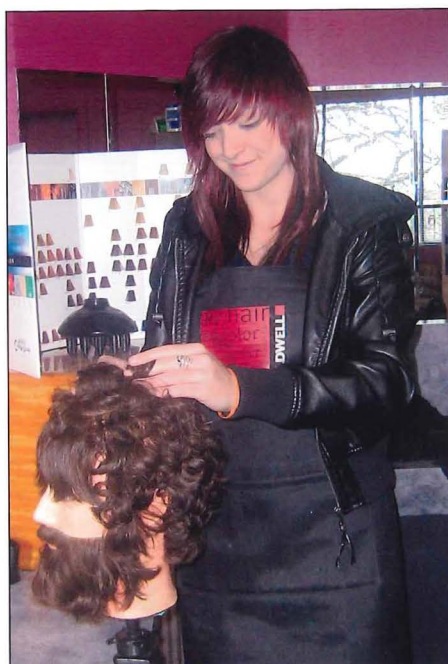

During 2010 the Vet Hairdressing Cert II class has had a very productive time. Students have enjoyed time here at Launceston College with Jacki as well as every Thursday at the Polytechnic with teachers Sacha, Shirley and Tenille. They have learned things like head, neck and shoulder massages, shampooing, colour application and removal, as well as some aspects of blow drying and the art of braiding, even how

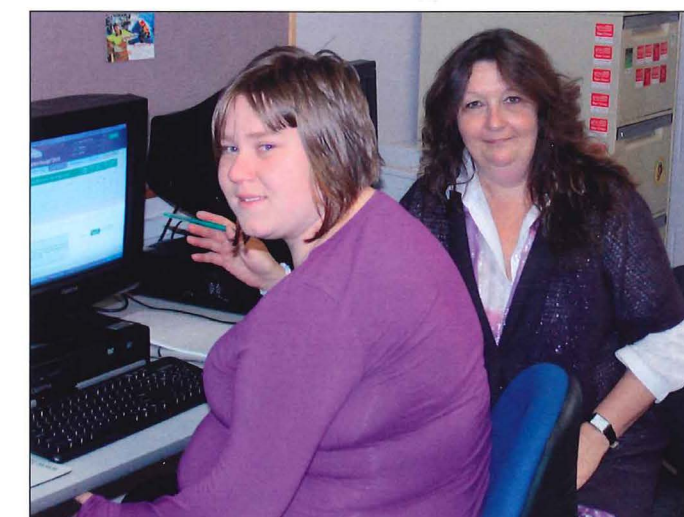

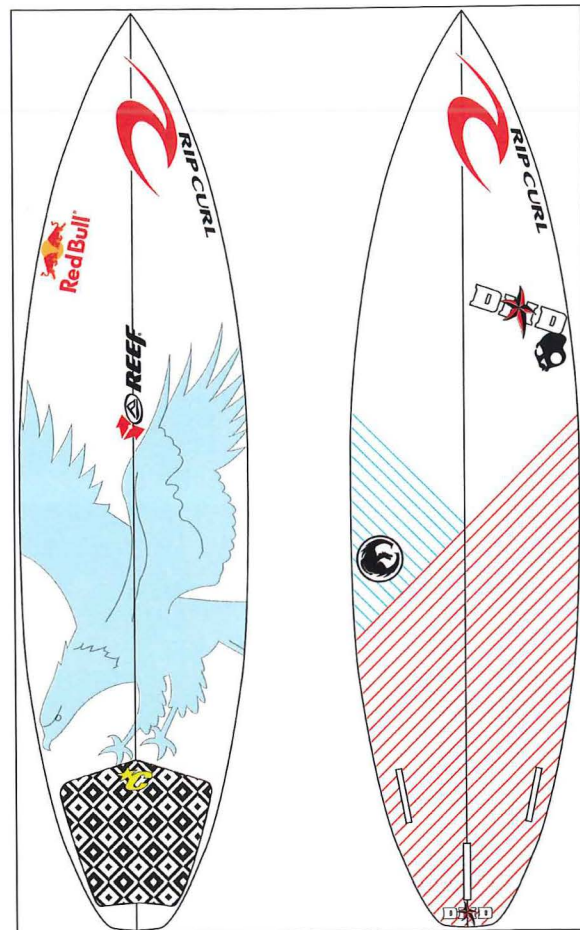

to answer the phone, greet people and first aid, even Jacki passed this component of the certificate. Students have had the privilege of roping in friends, family, and some willing teachers and fellow students to be victims. During the year students go out on two work placements, to have a little taste of the REAL world - sore feet, bad backs and all that goes with the Hairdressing industry. Very successful times were had by all. During the last two years, seven students have been rewarded with apprenticeships from all the extremely hard work they have dedicated to this course. We wish all our students the same rewards for the hours of practice they have gone through to achieve this certificate.

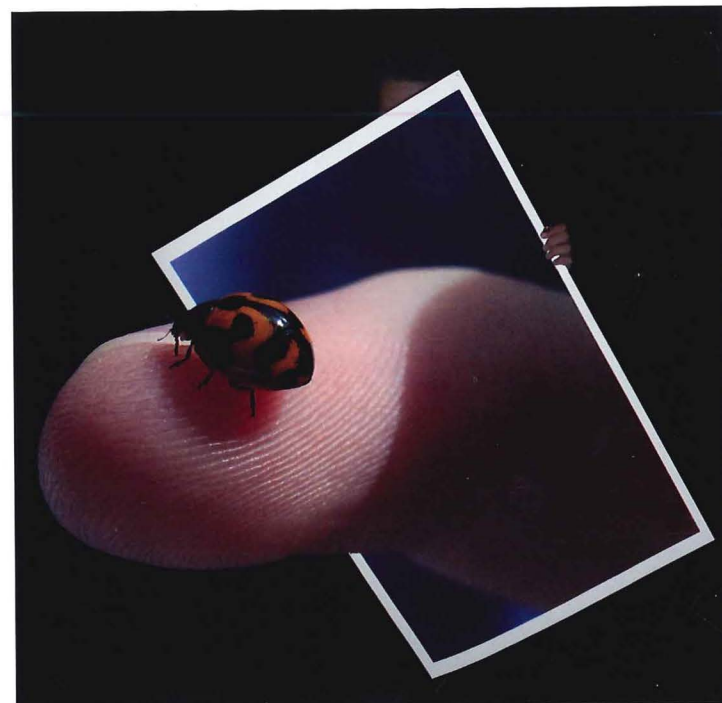

Careers this year has been:

- compiling resumes
- preparing for job interviews
- exploring career interests and opportunities
- seeking apprenticeships
- participating in the UTAS Futures Day
- presentations to students about preparing for university and job seeking
- applying for jobs, uni and scholarships
- visits from mainland institutions and various guest speakers
- attending taster days
- participating in Tasmania Police programs
- learning about university life and what employers really want
- and lots and lots and lots of appointments!

The class of 2010 students has been committed to achieving nationally recognised hospitality qualifications by participating in a wide range of training activities in both on and off the job environments.

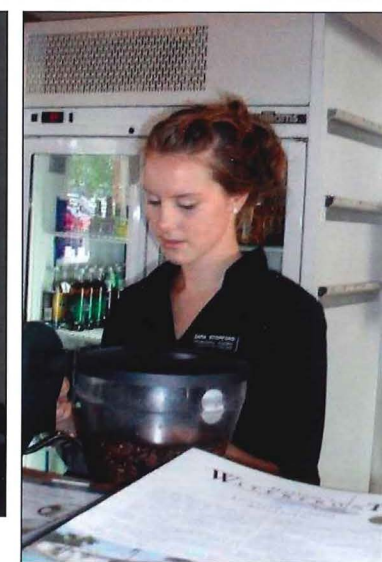

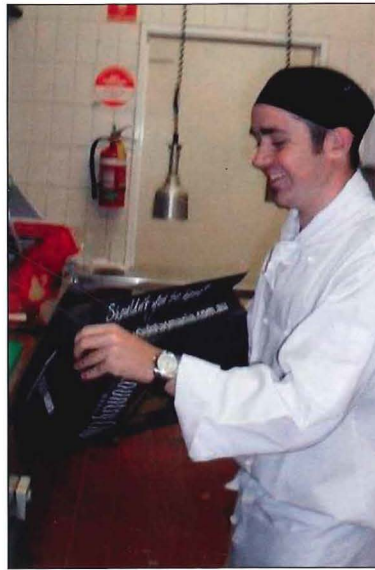

Work placements in the local community were experienced in both March and October and during July and August the students successfully managed the operations of Elcies Café Restaurant. The students prepared and served food and beverages for over 480 guests during the nine Thursdays in Term 2.

We had five students compete in state finals for the Work Skills competition and one student, Anthony Graham, represented Tasmania in the National Food and Beverage Service competition in Brisbane in May. He won the silver medal for Australia

Seven students have left the course during the year as a result of employment in the hospitality industry – five of whom gained full time traineeships or apprenticeships. Great outcomes for these students!

Brittany Marnell – finalist in Birchalls Tertiary Art Award

Matt Bennett – feature artist in White Box Project in association with Streets Alive

Visual arts and media students' installation artist in residence program with Ralef Haertel and Ekko Sharkey

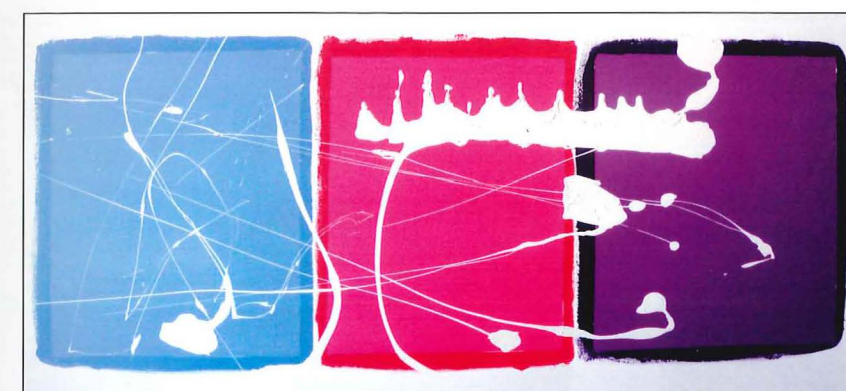

Kenna Reid Clark wins national gallery summer school scholarship

Serena Riley

Lucy Copas

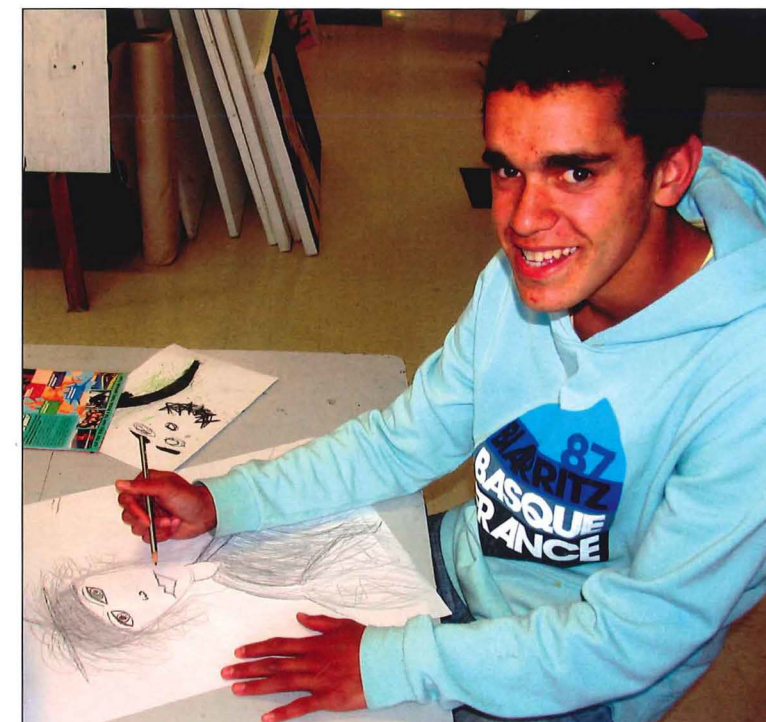

Visual Arts and Media working on their "zero project sculptures" for Junction Festival 2010. Students worked with local artist Ralf Haertel and Malaysian architect Ekko Sharkey.

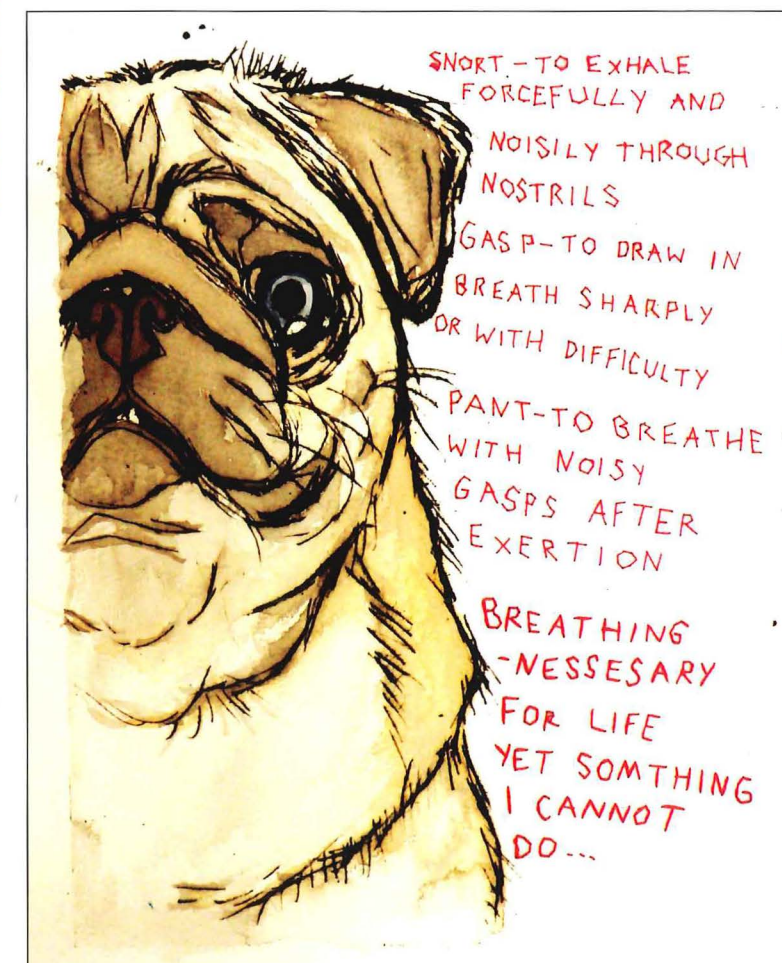

Helen Paul

Rebekah Bradbury

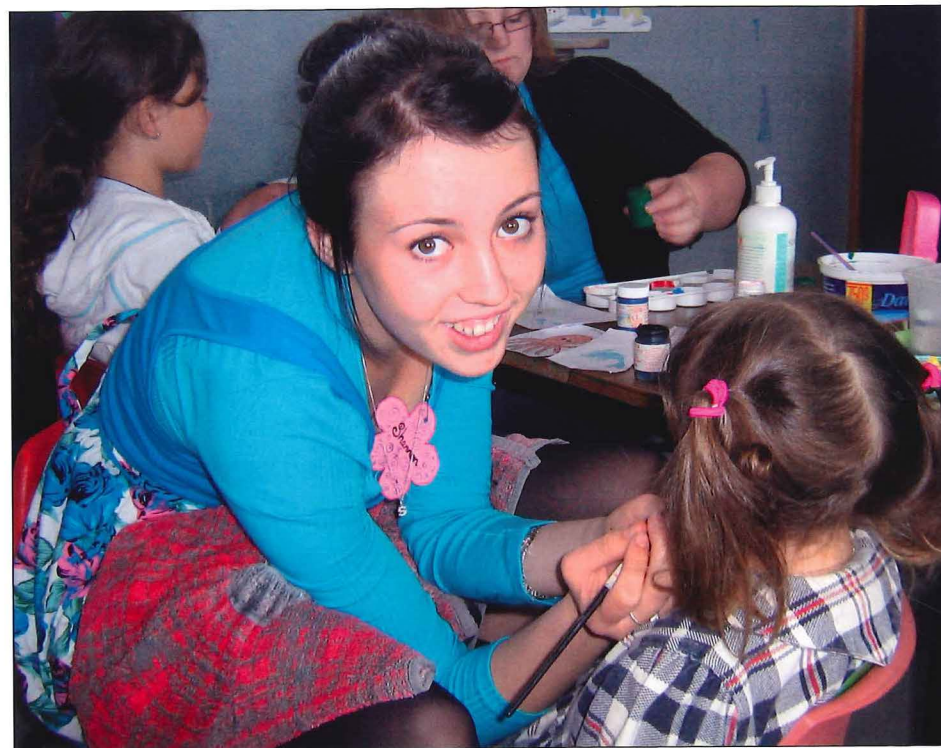

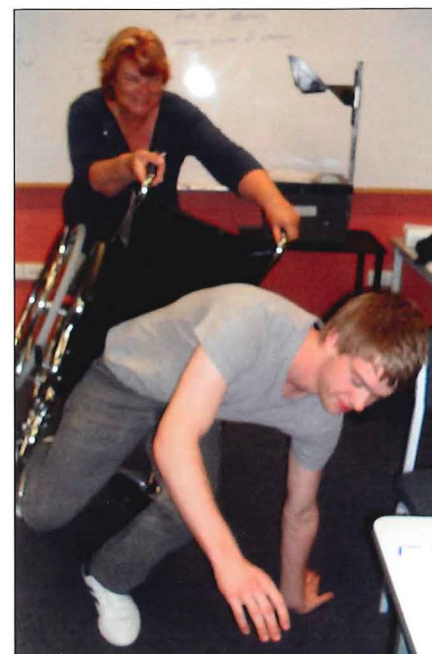

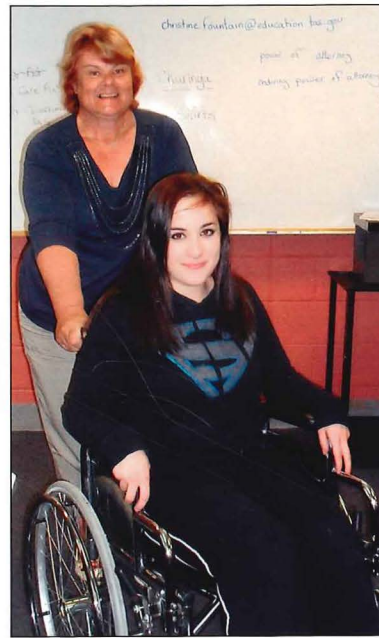

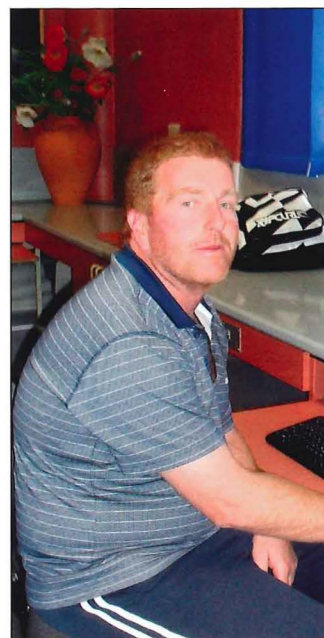

Alyce Bailey

This year three classes studied Working with Children and participated in running the College Playgroup as part of their course. This allowed the students to work with babies and children up to 5 years old.

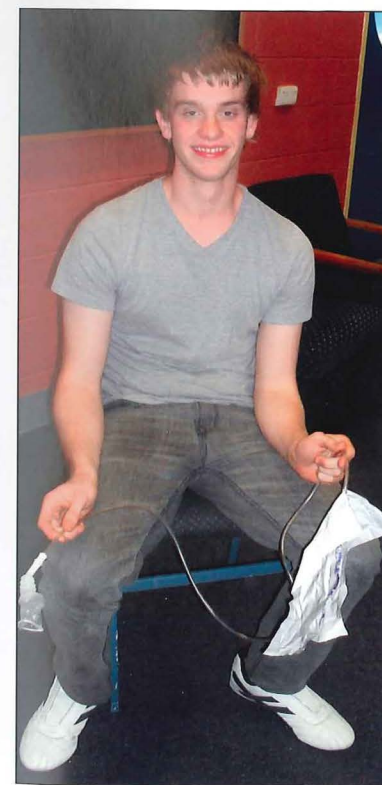

Playgroups offer the opportunity to read and sing with the children, enjoy craft activities together, play with sand and play dough or dress up. They are greatly enjoyed by the students and the children alike.

Gaining experiences and practical skills in this way prepares students for a career in Child Care, Early Childhood teaching or to become a parent in the future.

Class members; Frances Arendt, Paige Bell, Kayla Brazendale, Many Dean, Kaitlyn Dunn, Ebony Farmer, Stacey Fish, Sharon Kolodjashnij, Hawa Konneh, Jessica Kuronen, Di MCGee, Jarrod Razay, Laura Richardson, Kayla Rowley, Shenee Sharman, Deb Stirling, Nelia Tierney, Amanda Wise, Brett Sweeney, Georgie Quick, Karen Youl and Leonie West.

Another year in the music area and it's hard to remember all that we did together as each event has rolled into another. Yes, there were five months of living and breathing the College Production, 'Back to the Eighties' and we rehearsed and rehearsed and we loved it! We listen to the recording and it's hard to comprehend that it is not a CD playing, that the band consists of talented and conscientious students who delivered a first class performance every run. It was great to have so many students as the foundation to the band – Callum Tully (drums), Helen Paul (alto saxophone), Jack Clark (bass), Sean Zolnierczak (lead guitar), Brent Jacobson (rhythm guitar), Laura Quigley (keyboard 1), Bronti Cooke (keyboard 2), Will Sharpe (percussion). These musicians together with newcomer Alex Quigley (trumpet), and some 'old hands' Matt Dudfield (trumpet), Fiona Mowat (trombone), Carl Bulow (saxophone) and legendary Ben Austin (piano) performed as well as any professional band. Strong backing vocals were provided by Travis Hennessey, Melissa Goodger and Bart Welch.

The overall sound of the band was enhanced by the excellent work by our audio team under the astute guidance of audio design teacher, Adam Langridge and new audio teacher Tony Gutierrez. Max Jago, Rowan Fairbrother, Lucy Johns, Brennan Thompkinson and Ryan Whiteman have shown that they have further refined their audio skills and knowledge this year and are to be congratulated for their enthusiasm and passion.

The Launceston Competitions had our ensembles and individuals working to the best of their ability with enormous success. Launceston College's Vocal ensemble retained the Examiner Shield for 'Champion Choir' for yet another year. A few marks separated the top two choirs and our 'boys' got an extra special mention. The vocal ensemble will perform again at a lunch time concert and at the Graduation Ceremony in November.

Individual students won their performance sections – Melissa Gutierrez, David Deeth, Eileen Tierney, Laura Quigley. Second, third place winners and honourable mentions were given to Angelina Stepanovic, Myles Flood, Rowena Dinsmore, Catherine Binns, Melissa Goodger, Emily Clifford and Callum Tully.

Once again, Launceston College excelled in the Original Group Composition for years 11 and 12, gaining first place (Laura Quigley), and 3rd place (Andrew Deavin).

Other prestigious wins were the Sue Cathcart Memorial Youth Jazz Award – Andrew Deavin (1st place), Lydia Bissett (2nd place); Youth in Blues Award 16 and Under 19 – Andrew Deavin.

Launceston College students featured in the Tasmanian Symphony Orchestra's **Student Composition Competition**. Students were required to compose a piece for string quartet inspired by animals. Four students from Launceston College entered the competition and completed works of high calibre. Laura Sykes, Melissa Goodger, Andrew Deavin and Myles Flood were able to produce creative works entitled 'Yolla', 'The Valley of Calling', 'The Legend of Tabmow' and 'Felis Silvestris Catus'. Works by Melissa Goodger and Andrew Deavin were highly commended and selected as finalists.

These works and another by Callum Tully (*Mellow Strings*) were regarded as complex and student musicians were having difficulty in learning to perform these works. Conservatorium staff, led by the head of String Chamber Music Jeremy Williams, came to the rescue offering to record the students' works. The composers were astounded and exuberant at listening to their works being performed and interpreted so masterfully and musically within a two hour period. Jeremy Williams along with the other chamber players, congratulated the students on composing such substantial works and commented that the standard of works was equal to those produced by Conservatorium composition students. These compositions along with other works were featured at the College's annual *Young Composers Concert* held at Launceston College's Music Department (E block) on Friday October 22nd.

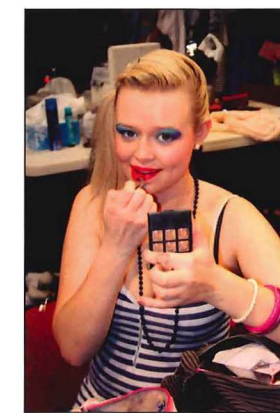

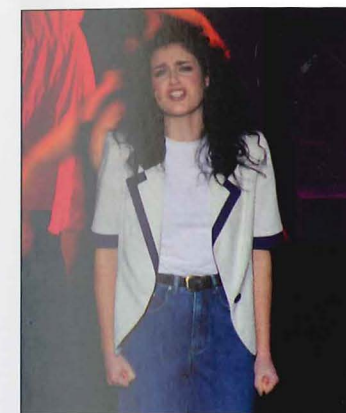

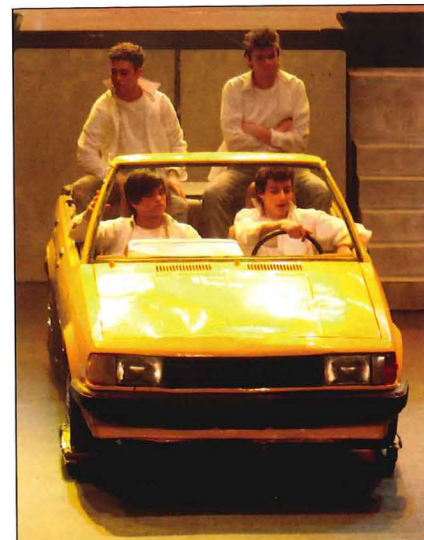

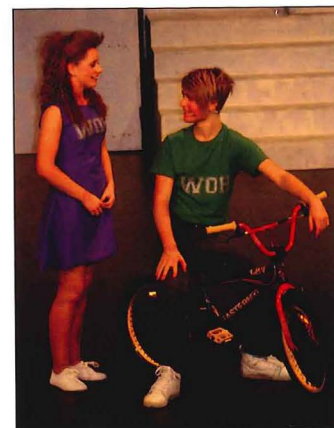

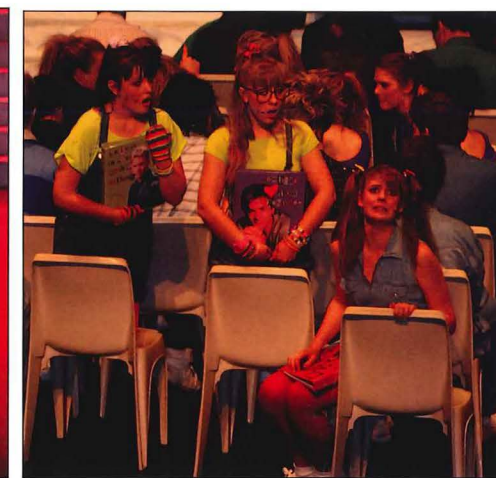

On July 21st the 'Friends for the Grand Piano' recital was held in the music area featuring pianists Catherine Binns, Bronti Cooke, Melissa Goodger, Andrew Deavin, clarinettist Laura Quigley and drummer, Callum Tully. Special guest pianist was Ben Austin who was visiting from Griffith Conservatorium. The recital was to honour all those families and individuals who 'bought' keynotes during the fundraising period for the College Grand Piano. A beautiful Huon pine and Blackwood plaque designed and made by past student, Nick Hill, was presented to the College with the names of all who 'own' a note engraved upon it. The plaque now hangs by the grand piano in E block (E213).

The two level two music classes also held separate recitals for parents and friends in late August. Students learning instruments for the first time along with more experienced players gave their first ever public performance as soloists and ensemble members. The audiences were highly appreciative of the performers and the event gave those musicians who normally do not have opportunities to showcase their work, performance experience in an enthusiastic and supportive environment. Student confidence was at an all time high and there were many proud grandparents who demonstrated their appreciation of the work performed.

This year, six music students have undertaken the new level 3 music UTAS Conservatorium Subject – Foundation Practical Studies. Successful completion of this subject not only attracts a TE score, but counts as a university unit – Hecs Free – for any degree other than Medicine and Engineering. For those students wishing to go on to study music at the Conservatorium the final exam is also viewed as part of the audition process. From the results of the mid- year assessment by Conservatorium staff, the Launceston College students are heading towards Distinctions and High Distinctions!

Congratulations to all music students who have continued to work creatively and passionately to maintain a highly exciting cultural environment and high standards in the Performing Arts at Launceston College.

Work Readiness students have enjoyed an exciting year developing their life and employability skills.

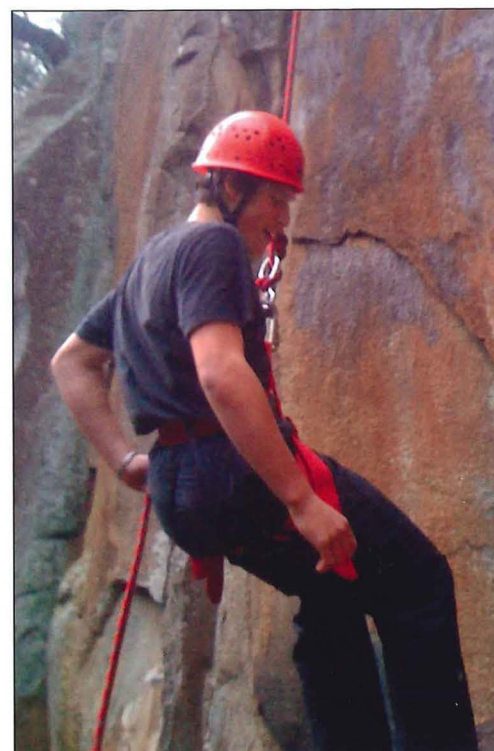

Students have participated in preparation for work activities such as mock interviews, job applications and resume writing. They also completed two work placements during Terms 1 and 3.

While studying the Driving for Work unit, students have had the opportunity to gain their learners licence as well as develop an understanding of buying and running a car and general road safety.

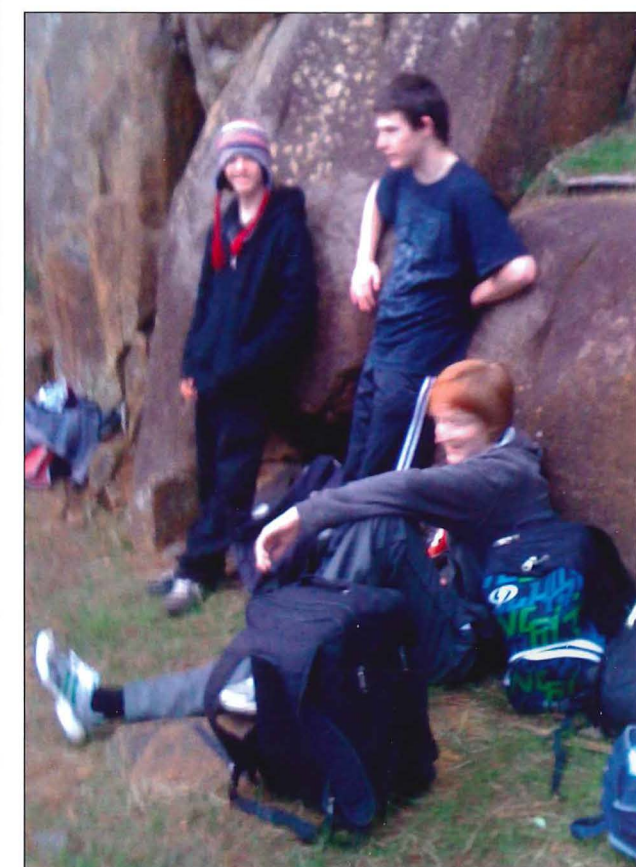

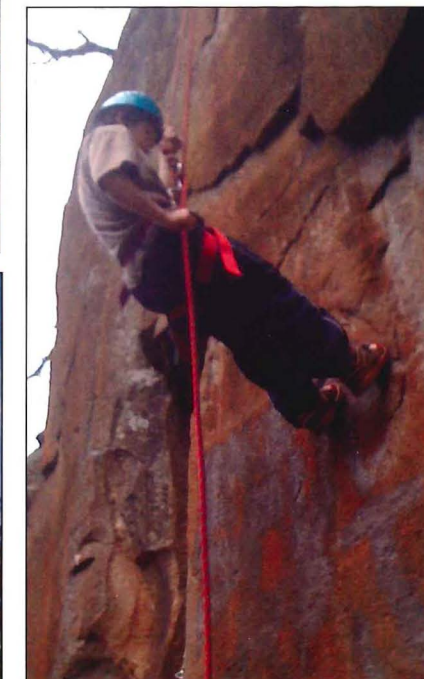

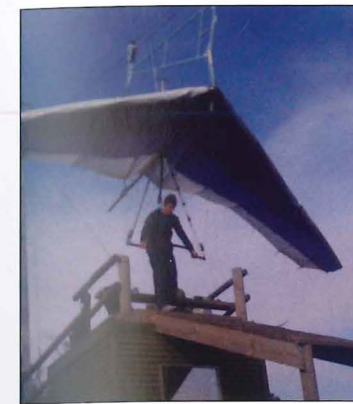

The Community Service unit was completed during Term 2. Students visited or listened to guest speakers from a variety of community organisations. They took part in various volunteer activities including working at City Mission and Red Cross, doorknocking for the Heart Foundation, collecting money for Oxfam, and a clothes drive for City Mission. In addition, all students participated in the Save a Mate program at Red Cross.

A risk-taking unit provided opportunities for students to confront their fears. Challenging adventures such as cable hang gliding, abseiling and the Flying Trapeze at Circ's cool were real tests, which most students successfully conquered.

Students were able to view life in the workplace while being taken on tours of Boags Brewery, Student Works and the ACL factory. They were made aware of, and were able to witness, OH&S rules in action.

The year has been very successful. A number of students have found employment and students have reacted positively to the life challenges presented in the course.

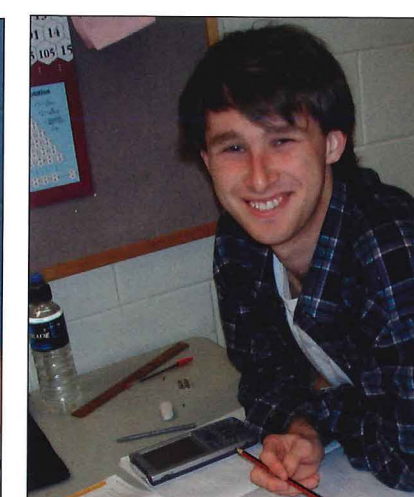

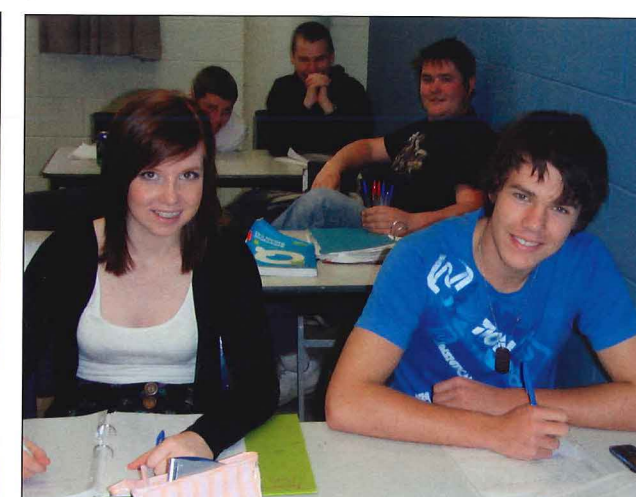

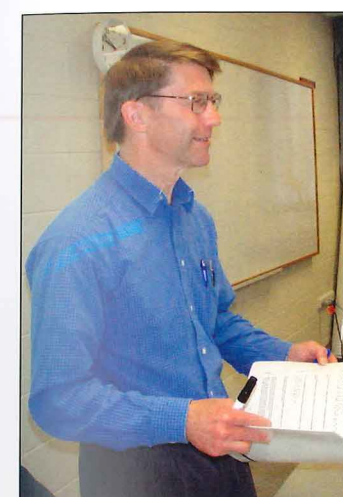

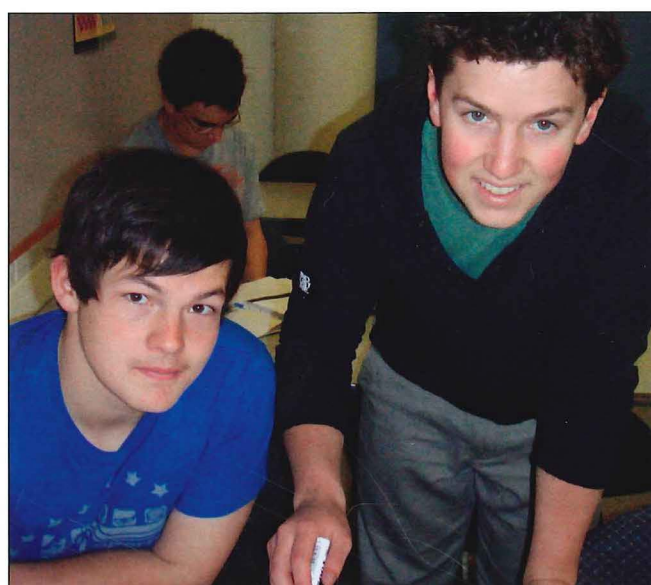

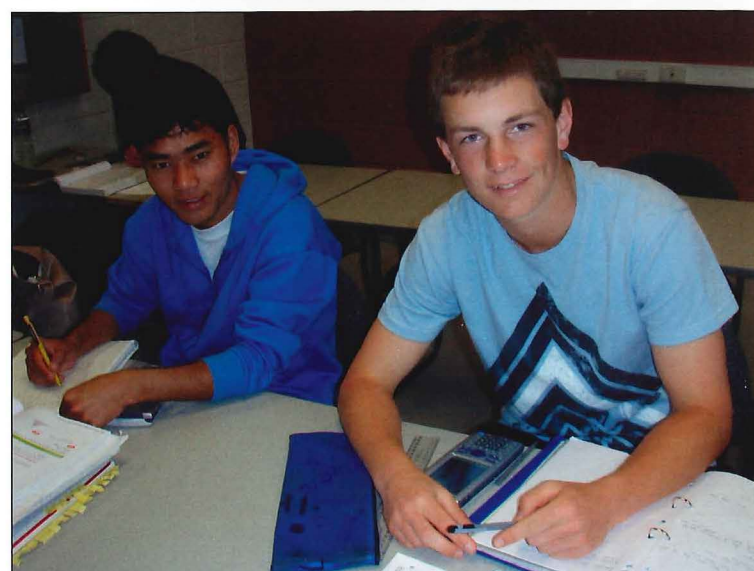

784 students enrolled in a Maths subject at LC in 2010. The most popular subject was Maths Applied 3 with 236 enrolments.

Students participated in a number of Maths activities outside of class. These included the Maths Relay held in August where two teams of students each performed very well on the 20 question competition.

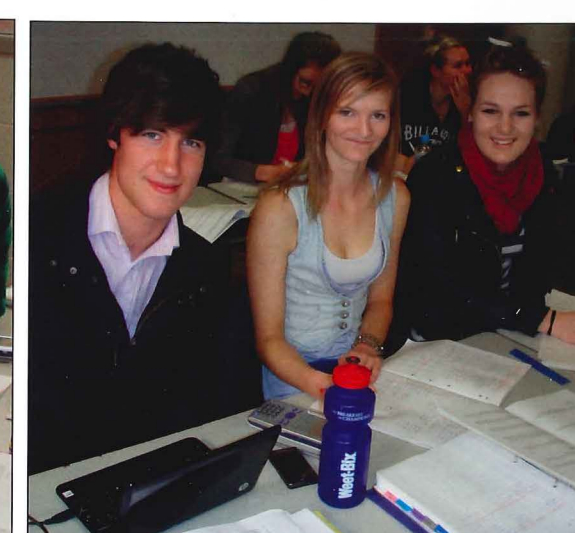

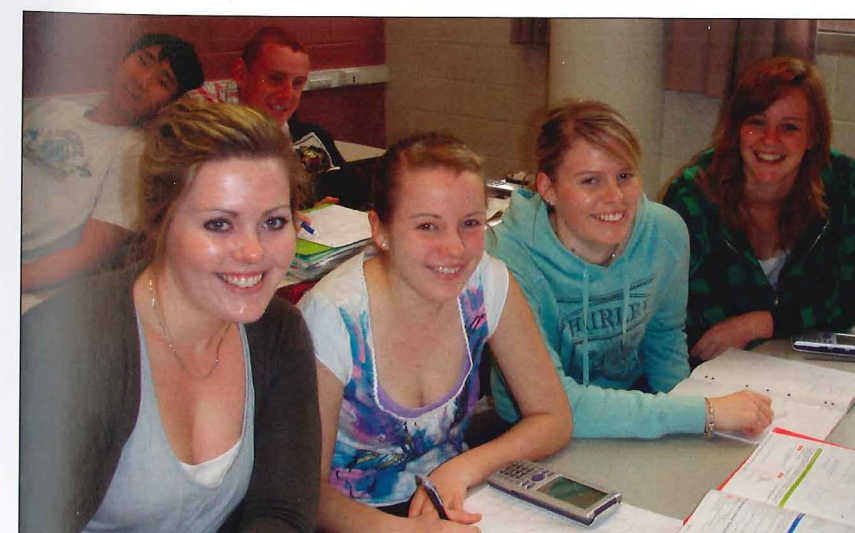

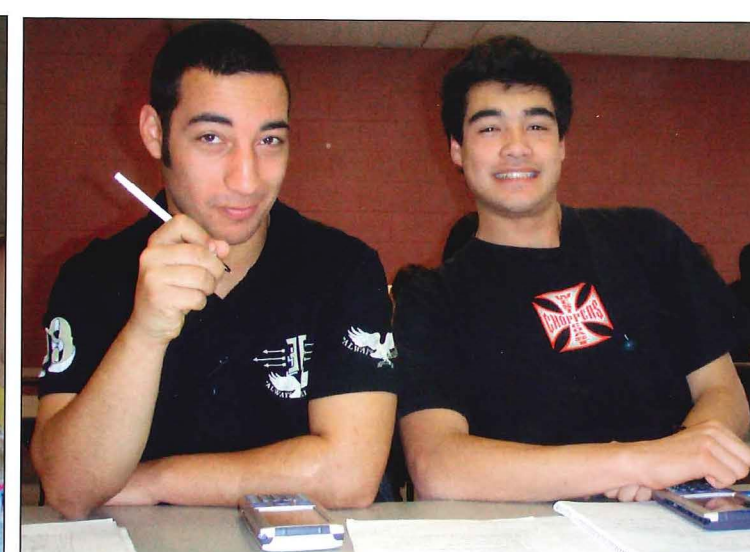

Students involved were James Smith, Dustin Le, Lewis Nothrop and Cuong Nguyen from Year 11 and

Daniel Morris, Ben Robertson, Richard Jolly and Matthew Guy from Year 12.

Six students sat the Australian Maths Competition; James Smith achieved a Distinction and three other students achieved Credits.

On Wednesday afternoons a Maths Extension group looked at areas of Maths beyond the curriculum – congruences, Euclidean geometry, and flexagons were some of the topics investigated.

Outdoor Education (Adventure Recreation) 2

The international students have been busy this year focussing on their studies.

Yvonne Scurrah and Adam Langridge (who joined the IS team recently) have enjoyed working with the students and finding out about their home countries and cultures.

Throughout the year we were visited by the UTAS Liaison Officers who help the students apply for further study. The farewell dinner and the College Ball are two highlights of the year that the students really enjoyed.

We look forward to working with the students next year.

The Launceston College Drama Department has had a great year. We enjoyed fantastic success at the Launceston Competitions winning the Verse Speaking, Scene work and Recital sections. Ben Glover and Jesse Apted also won sections of the monologue competition.

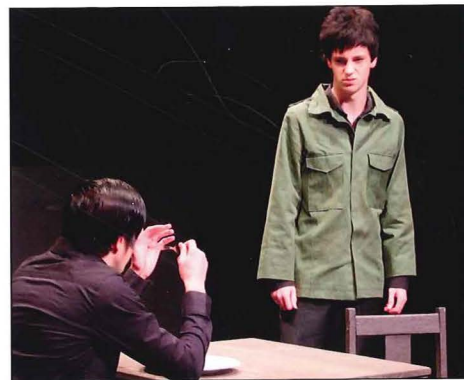

At the end of May a group travelled to Sydney with Liz and Nicole, visiting the Sydney Theatre Company, the ABC studios and NIDA. It was a fantastic way to end the term and the students enjoyed it and found it inspiring.

With Liz on leave for three weeks directing *Les Miserables* for Encore Theatre at the beginning of the year, we once again had Stuart Loone on board the teaching staff – he returned to take Tech Theatre for Terms 2 and 3. The Tech class was extremely busy and productive. Four students got to work backstage on *Les Mis* and Lauren Harper followed this up by stage managing Encore's *Beauty and the Beast*. Having stage managed *Back to the 80s*, this was a great learning experience and a real honour.

A highlight for the year for the techies was working on the Junction Arts Festival, where Nathan Butler and Michael Booth built a huge clock for the Stompin show *We Tube Live*. All the class worked on a number of events during the festival.

Our midyear shows were performed at the University's Annexe Theatre. One Theatre Performance class put on an Edward Bond season, with the other class presenting *Wuthering Heights* and *Northanger Abbey*. After weeks of sewing bonnets and beautiful costumes this was a real highlight. We doubt Katie and Julie will ever forget the sweatshop in the rehearsal room.

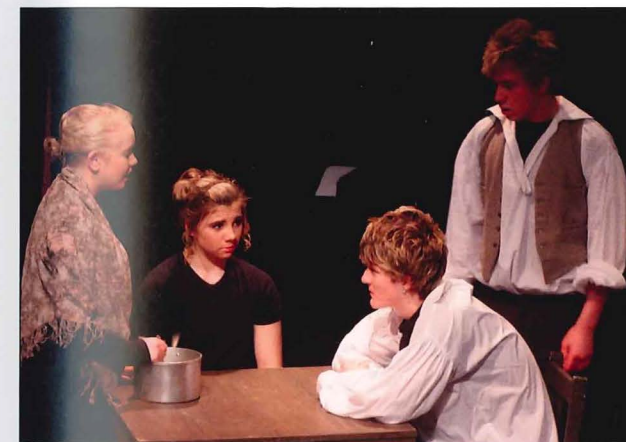

The Drama Level 3 class performed *Chronicles of the French Revolution* which was a fantastic ensemble piece.

At the end of term two the Drama 2 class put on the annual Children's Theatre, *Once Upon a Time*. Hundreds of early primary school students attended, enjoying fairy bread, a great show and the disco at the end.

At the time of writing we have just finished the external exams and all students are to be congratulated on their professionalism and fantastic performances. The techies are still working planning The College Ball and Drama 2 are preparing to perform the Australian classic *Dimboola*.

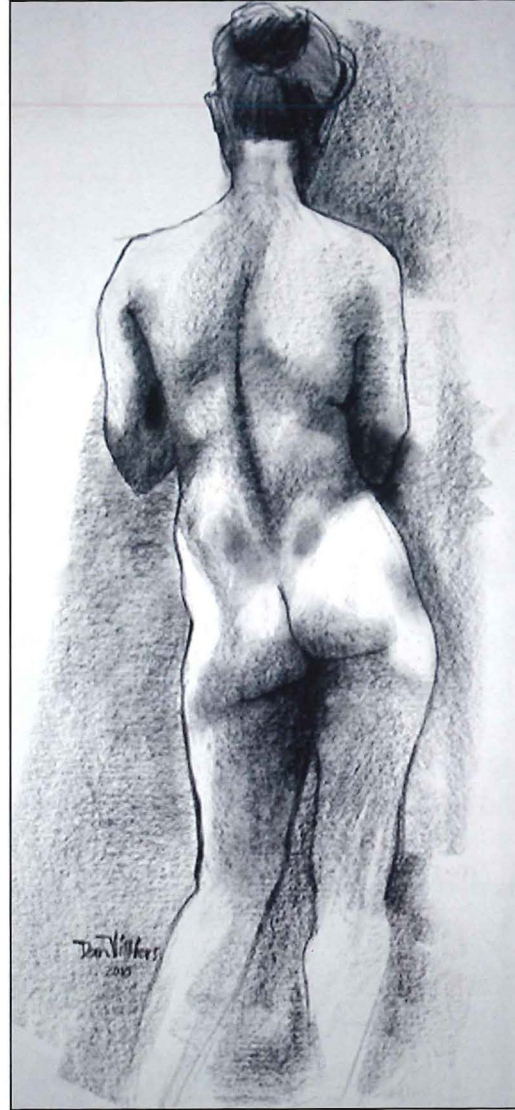

To our Year 12 students, some of whom have been with us since Year 9 (they participated in Drama Club) we say thanks for being such wonderful people and for giving so much of yourselves to the area. We will miss you and wish you all the best for the future.

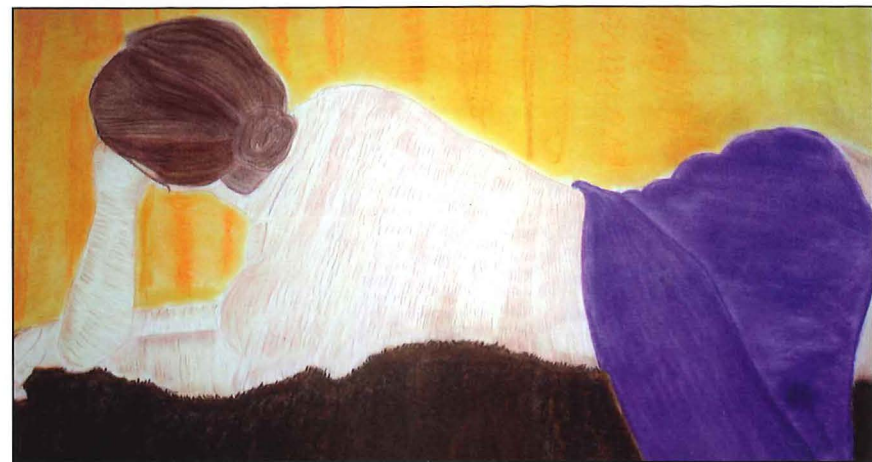

Life Drawing is an evening class that is offered to the community and selected students.

Andrew McKinnon

Outdoor Education (Expedition) 2

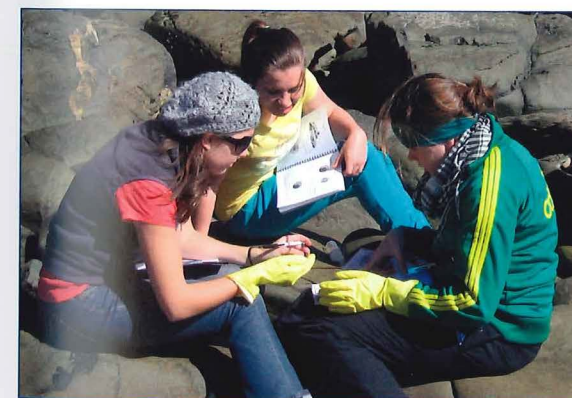

As usual, Sciences were very active with Professor Elizabeth Winstanley giving an excellent lecture on Gravity and the possibilities of miniature black holes generated at CERN Large Hadron Collider, our ex student, Andrew Manning talking about study at ANU in physics and ANU running sessions on Physics for High School teachers.

Lambs have been raised – these were orphaned after rejection by Mum as they were the youngest of triplets.

Biology has been busy with excursions to Georgetown and they have also had Dr Stephen Tristram, an ex-student, giving a lecture on bio-resistance to diseases like cold viruses, bacteria and so on.

Chemistry has been busy with the Titration Competitions with Zoe Hall, Jozie Smith and Jesse Ling entering at the University of Tasmania in August.

We have also had Tristan McCarthy selected to represent Launceston College at the National Science Youth Forum which will be held in January 2011 at Perth WA.

Environmental Science has had excursions to Trevallyn Lake, the Wetland Centre and the Gorge pool and they have also been involved in the CSIRO Eco-Enigma Programme wherein they measured heavy metals, river salts, fish stock levels and are working on action plans.

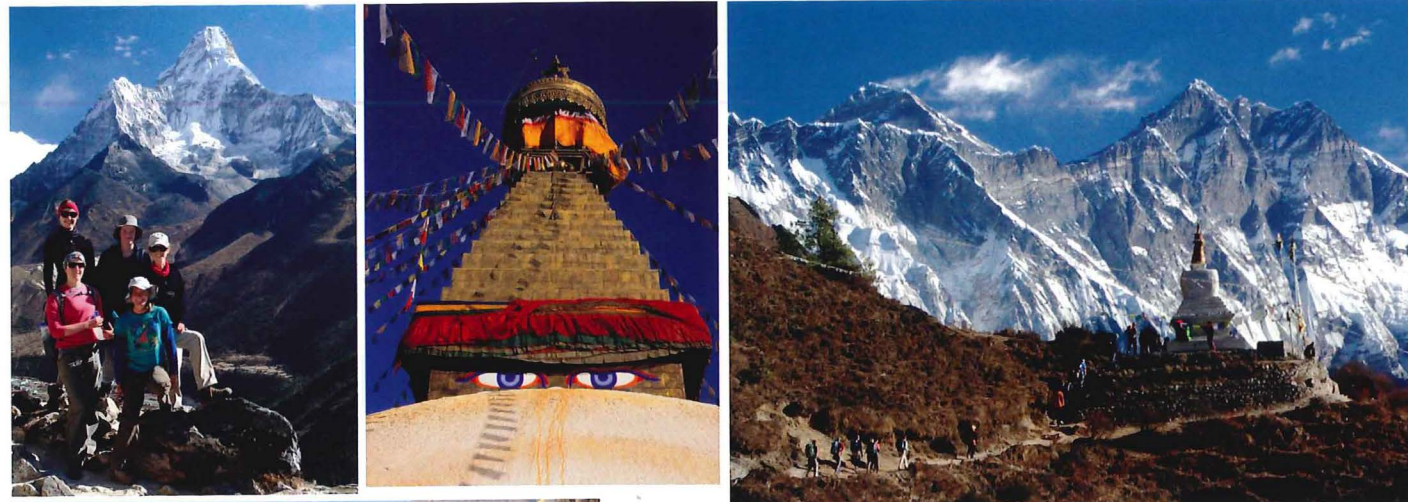

VET Electrotechnology has continued to have students develop electronic and other programs designed to help them into work through the Certification processes.

During January, some of our students participated in the PICSE program getting hands on experience with modern practice in the Agricultural areas of plant and animal research and working with such companies as TasAlkaloids.

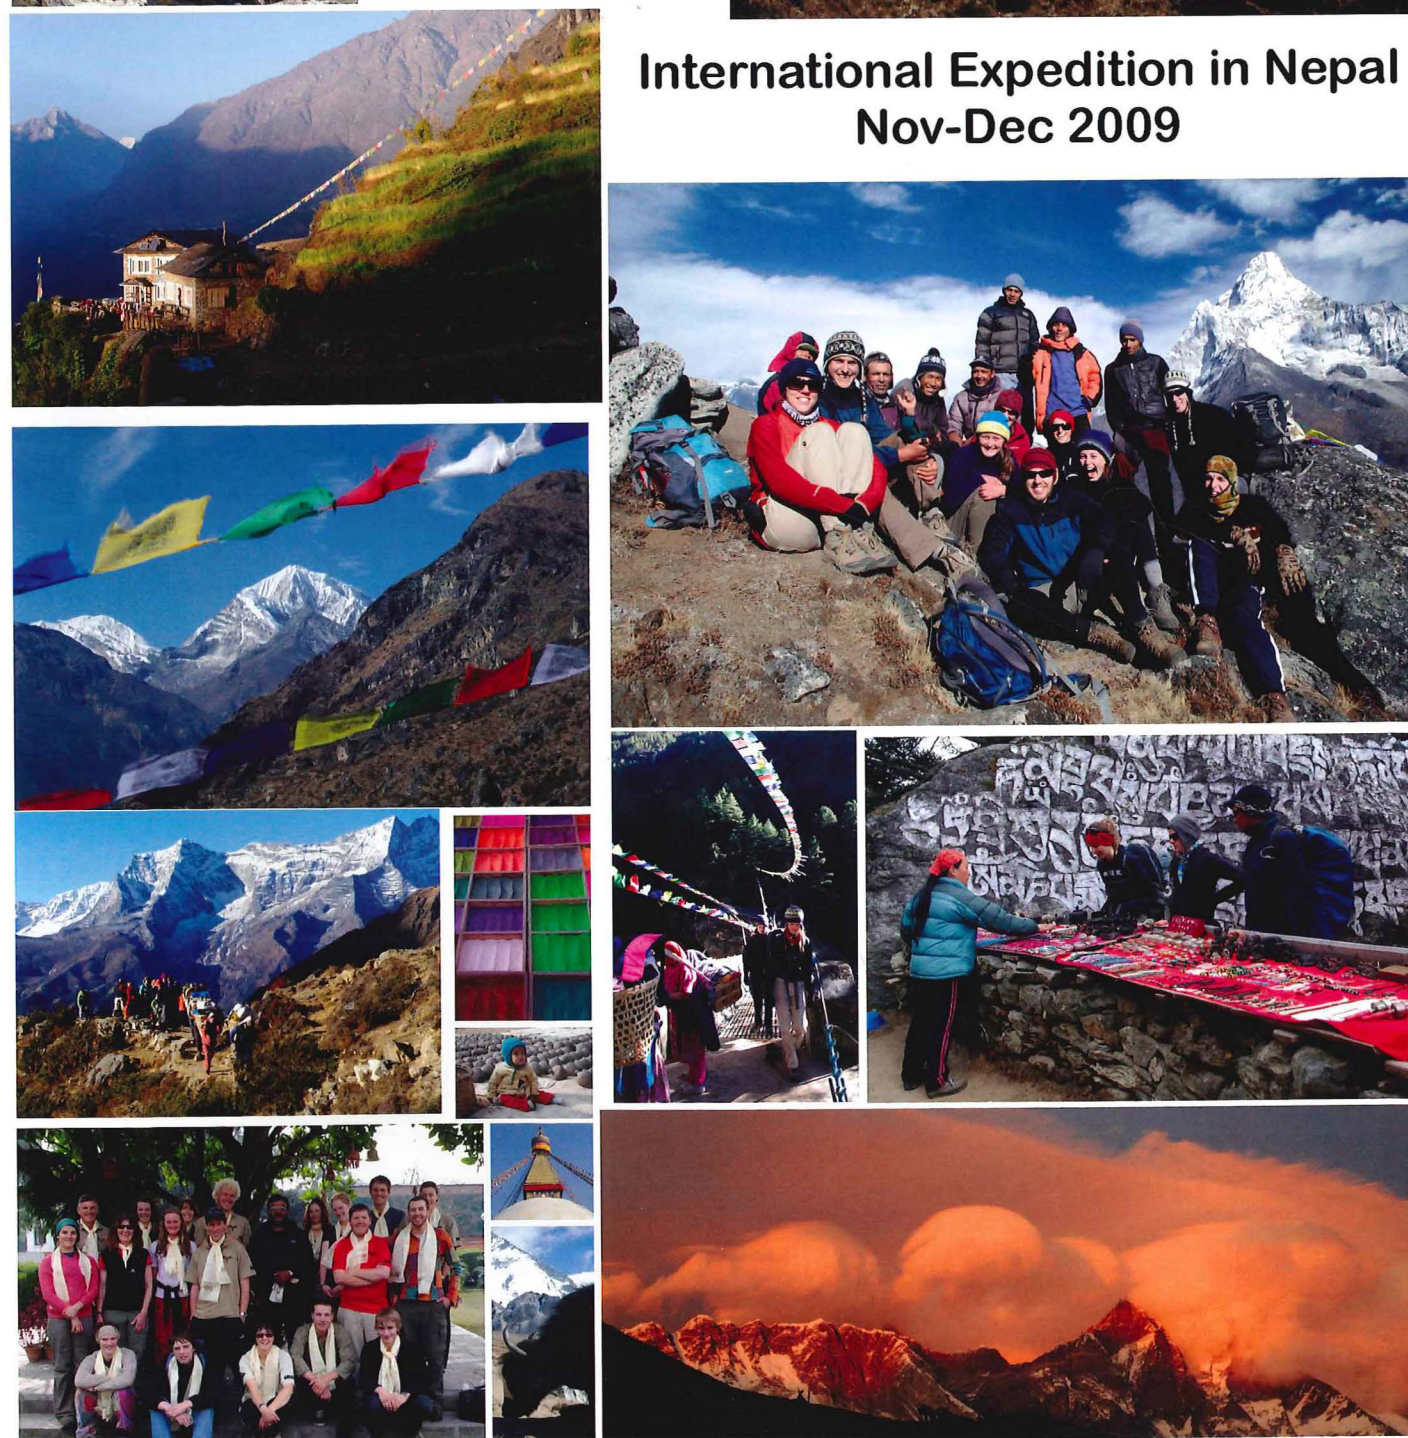

We have had a very good year!

International Expedition

International Expedition in Nepal Nov-Dec 2009

Whirlpool Cookery Competition

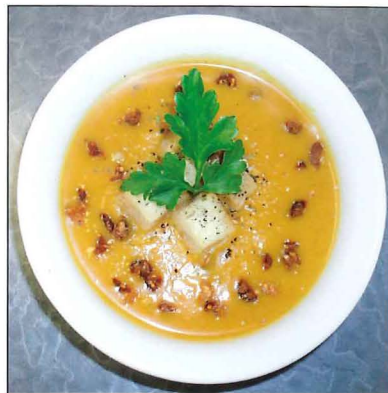

Whirlpool Success for LC students

A team of four VET Hospitality students, Jack Davern, Brendan Hampton, Laura Sherriff and Pattamwan Kaewjorhor won the Year 11/12 Team event in the Hospitality Kitchen Operations Whirlpool Cookery Competition in Devonport on October 12.

The challenge was to cook a 4 course degustation menu of appetiser, soup, entrée and dessert all incorporating pumpkin in 45 minutes!

The students created a Crab Mousse with Pumpkin Vinaigrette, Pumpkin Soup with Bush Dukkah Croutons, Thai Red Curry with Chicken & Pumpkin and Sweet Pumpkin Piroshky.

Congratulations team!

Another big year for the world of SOSE and Business. Here's just a taste..... Legal Studies and Legal Foundation explored the world of law, visited the courts and had police visit their classes.

Economics students learned about the Global Financial Crisis, why they will be able to pick up extra special bargains this Christmas sale time (appreciating dollar) and tried to make money in the Stock Market game.

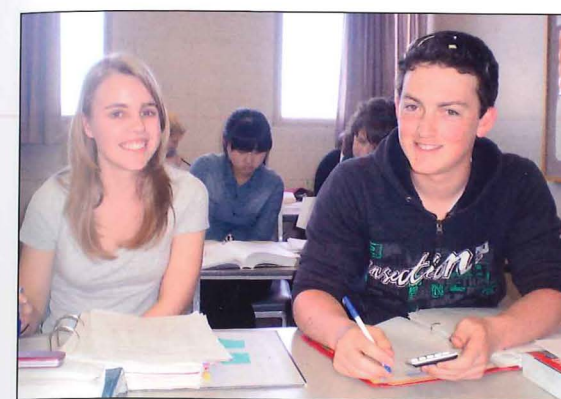

Accounting students looked into current issues like the collapse of ABC child care centres, learned about financial transactions and statements helping to make them much better financial decision makers. They also enjoyed eating Chuppa-Chups.

In the world of Business Studies and Public Relations, students created business plans, visited businesses in the Launceston CBD and studied event management including a trip to Aurora stadium.

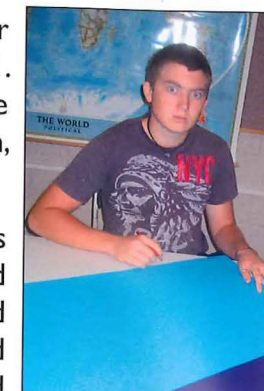

The world is your oyster in Geography and AAP where we explored river management near Perth, investigated natural disasters like the recent floods in Pakistan and looked into the impacts tourists have on the places they visit.

Going back in time with Ancient Civilisations and Modern World History students learned about important historical figures like Stalin and Hitler, investigated the world wars and the Peloponnesian wars and now appreciate how lucky they are to live in Australia today.

Religion and Philosophy enjoyed its last year before becoming Studies in Religion in 2011. This year featured arguments about the existence of god, studies of Christianity, Islam, science and religion and so much more.

Tourism students visited hotels, restaurants and local tourist attractions. They planned trips around Tasmania for back packers and visitors wanting a 5 star holiday, investigated three month trips for grey nomads and considered their options for a world tour.

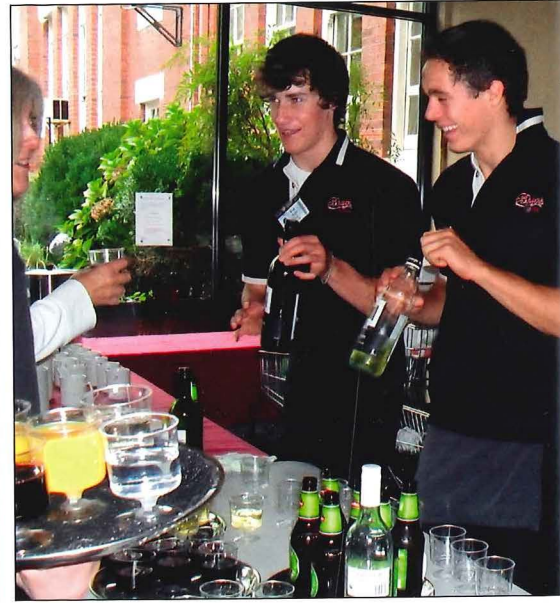

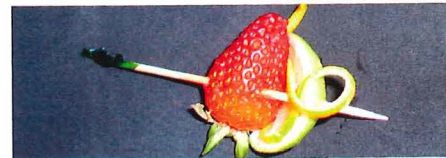

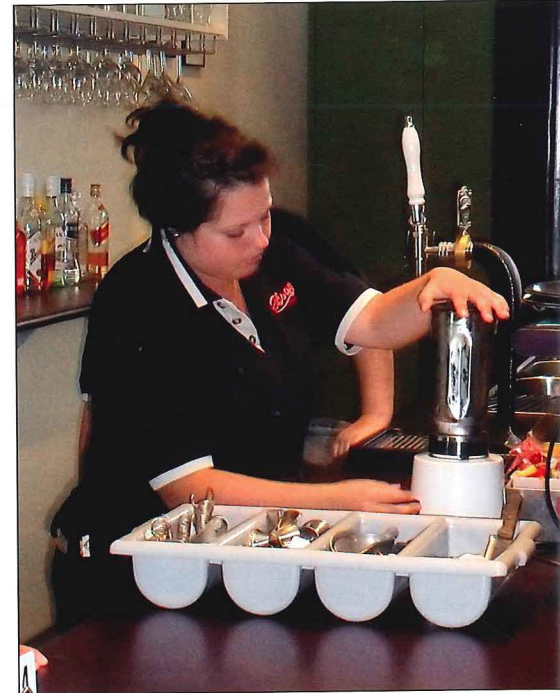

Sports History and Issues in Society looked into a wide range of fascinating topics ranging from how sport is portrayed in the media to the Tasmanian state election to serial killers.

The wide world of VET in this area includes Business, Retail and Tourism. Students had a great year learning skills to make them more employable, participating in varied work placements and gaining valuable nationally recognised qualifications. Lots of students got jobs from their work experience. Work experience placements included opportunities for students at hotels, shops, insurance companies, real estate agents, medical practices and many more places in our generous local business community.

Bar Operations

Bar Operations

Bar Operations at LC provides a great opportunity for students to gain Responsible Service of Alcohol qualifications and to learn and put into practice skills in making a variety of alcoholic and non alcoholic drinks, meeting and greeting customers, table service and using a cash register.

Elcies Bar is open every Wednesday and Friday afternoon between 4 and 6 pm and groups such as the Australian Education Union, Life Education and the Northern High School Sports Association have scheduled meetings and/or Professional Learning sessions of a Wednesday afternoon. This gives students an ideal opportunity to practise

setting up and running functions. Fundraising events have also been held. The evening for "Back to the 80s" was an outstanding success. Students also provided Food and Refreshments at our first Parent Evening in the Undercroft and parents have often joined us to support their son or daughter when they are scheduled to work in the Bar. Comments with regard to the program have been very complimentary.

This year students have had the opportunity to gain Responsible Conduct of Gaming as well as RSA. RCG does not teach students how to gamble or how to conduct gambling in venues. It allows students the opportunity to learn about the reality and pitfalls that often come with gambling. It enables them to discuss topics such as the likelihood of winning if you do choose to gamble, the effect

gambling can have on the problem gambler and the impact on their family, on society as well as many other thought provoking issues!

Did you know that the likelihood of winning Powerball are 1 in 54,979,155 and that the odds of being killed by lightning in Australia are 1 in 1,603,250!

January 2010 saw the LC Dance Department host their annual Contemporary Dance Summer School. The one week course was attended by University students, High School and College students as well as current Teachers. The Summer School will run again in January 2011.

This year Tanya Lanham joined Rebecca and Sally to make up the Dance department staff team.

We had great success once again at the Launceston Competitions in Term 1 with many placings achieved, Charley Robertson was selected to perform in this years Tasdance schools touring program. Our Launceston College Dance Collective (made up of alumni and current staff and students) performed in the Crazy Day Sale, Relay for Life and the Launceston Competitions -Dance Eisteddfods.

In Term 2 a group of approx 20 students accompanied the staff to Sydney for our annual Dance trip and all enjoyed the opportunity to take classes at The Sydney Dance Company and Act, Sing, Dance. Attending the musical West Side Story was a highlight of the trip.

The Junction Regional Arts Festival was held in August. Our level 2 class performed in the opening and we had many students involved in Stompin's fabulous performance of We Tube Live.

Adam Wheeler and Emma Porteous from Stompin held numerous workshops for our students who benefitted greatly from these exciting extension opportunities and it has been great to re-establish our relationship with the company that originated from within the college.

Students performed in the Launceston College Production: 'Back to the 80's' and at the Pink Ball and Dance Fever. 2010 'GenR8' was held at the Door of Hope auditorium on the 1st and 2nd of September. College students, as well as students from Prospect, Queechy, Exeter and Kings Meadows High performed alongside students from Trevallyn, Exeter, Perth, Rocherlea, Riverside, and Punchbowl Primary in our annual two hour Dance Spectacular. It was a fantastic show with sold out matinees and fantastic evening audiences.

Term 3 was about solos and folios for the Level 3 students who utilised class and tutorial times to ensure they were ready for external assessment. All original works were performed at our annual Final Fling evening prior to the exams, giving students the opportunity for a final dress run and to show off their skills to a supportive audience of parents and friends. Level 2 students prepared a piece for Final Fling and ended the year with some original composition work.

A visit from The Tramb Wagon - a hip hop workshop from several ex 'So You Think You Can Dance' finalists, performances at our graduation evening as well as several corporate performances for the Dance Collective rounded off a busy and exciting year.

Rebecca, Sally and Tanya.

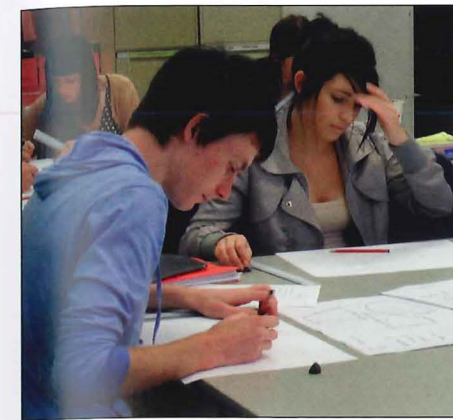

Outdoor Leadership 3

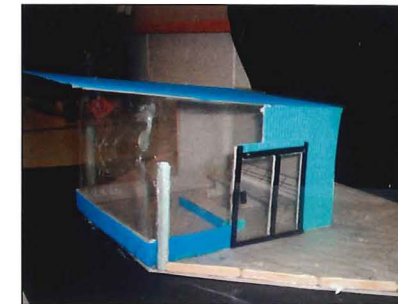

Hugh Ross - Trampolining
 Brad Cox-Goodyer - Football
 Lucy Dennis - Netball
 Meg Dennis - Netball
 Victoria Black - Netball
 Belinda Mason - Cycling
 Jacqueline Witt - Netball
 Dylan Warren - Basketball
 Olivia Howell - Vigoro
 Joseph Davern - Golf
 Sophie Bourke- Surfing
 Georgie Carswell - Tennis
 Abbey Walters - Athletics
 Kate Walters - Athletics
 Sarah Henley - Horse Riding
 Sam Keogh - Indoor hockey
 Dylan Riley - Football
 Sam Hanson -Taekwondo
 Mitch Van Noord - Golf
 Andrew Whitmore - Lawn Bowls
 Matt Hart - Touch Football
 Aidan Atkins - Ice Hockey & Roller Hockey
 Daniel Osborne -Touch Football
 Jacinta Wilson - Karate
 Katelyn Fryett - Netball & Cricket

All of these students have represented the State this year in their chosen sports!

Housing and Design students have completed a wide range of design challenges this year as well as an externally assessed independent folio. Students started the year honing their sketching and drawing skills and learning how to read and interpret architectural drawings. They have analysed and evaluated floorplans and researched and investigated accessible housing , solar passive design , building in tropical and temperate climates as well as looking at houses past, present and future. Students have watched a house being built in Middle Street and have become familiar with a range of building materials and construction methods. Other visits have been to the Home Ideas Centre and the Kitchen Design Centre.

Students have gained great success in child care courses this year!
Work places have been in Family Day Care homes and Child Care Centres.
Students also run the College Playgroup.
VET subjects, CHC20108 Community Services Certificate II – child care focus and CHC30708 Children's Services Certificate III

EMPLOYED ALREADY !

Mature age student Nuttarkarn Swane has worked almost full time at Stewarts Services while training for Certificate III, Angela Viney has been employed at Lady Gowrie since doing her prac in July, Kateland Sulzberger has been given casual work at Children's Playhouse since August, Nicole Cooper was given casual work at DMP in September, Madhavi Acharya was employed at MRC during the September holidays,

Vanessa Jones has been given casual work at Children's Playhouse since September,
Tayla Reeve started part time work at Stewarts Services in October,
Laura Connors started part time at ABC in October,
Kate Chequer started part time at Lady Gowrie in October,
Dana Scott, Emily Dolbey, Mel Sullivan Kayla Barber are soon to be employed on casual staff,
Jess O'Toole is enrolled for teaching at Uni in 2011.

2011

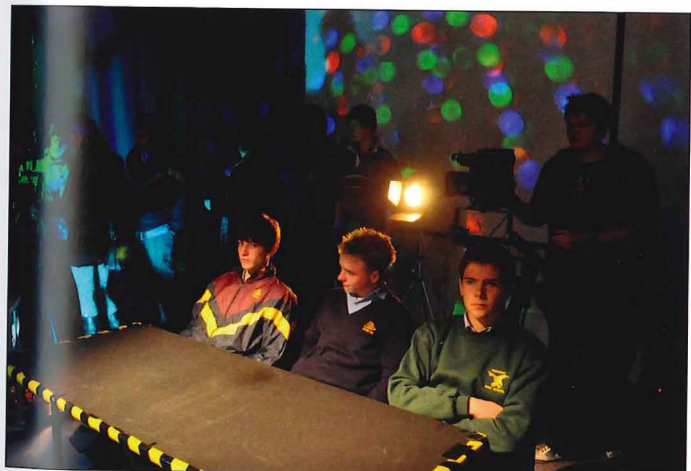

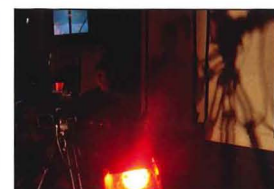

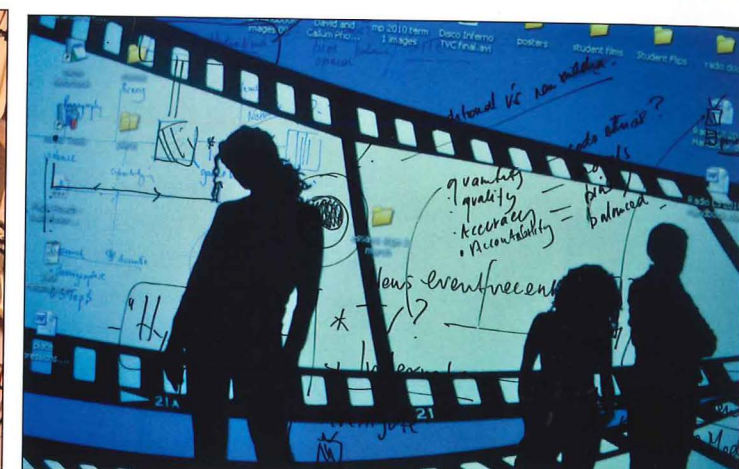

Some of the girls will continue their training into Certificate III at LC in 2011.
Some will continue their training in the Diploma while on the job next year.
Two of the students have applied for traineeships in 2011.

HIGH LIGHTS of the Year

All students loved playing in cornflour slime and play dough
They enjoyed the child care centre bus tour.
They went to see 'The Gruffalo'.
Acting out stories and songs was fun for all.
We had fun doing role play activities.
Everyone got loud in the gross motor workshop.
They loved balloon volley ball.

Food & Cooking Essentials

Comments from students from Line 5 and Line 4 Food and Cooking Essentials Classes about what they liked in this subject:

~ Getting to know everyone in the class.

~ Linda showed us how to make Cheese and Butter!

~ Visiting Gourlay's Sweet Factory twice; once to see how Confectionery is made and then to look at Chocolate making techniques.

~ Going for coffee at Cube with everyone at the end of term 1 to team bond!

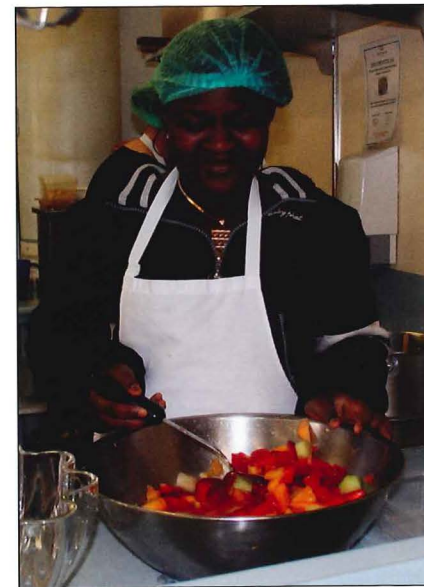

~ Changing into this wonderful class and meeting lots of wonderful people!

~ I enjoy being able to cook food that I like within the topic we are studying.

~ The days in class where we just talk, laugh, but do our work!

~ Having students who have come to Australia from other countries in our class and getting to know them and finding out about the different types of food they prepare.

~ Making lots of different soup in the winter!

~ Preparing lunch to share!

~ We had our own Mini Global Day!

~ Going on an excursion to the Grain Grocer; it was great to see how you can cut down on packaging and save money!

~ Marilyn made a Cheese Platter for us to sample; mostly yummy, but the Blue Cheese?

~ Having Trudy to help in the class; she's great!

Hospitality Introduction

Lines 1 and 6 Hospitality Introduction classes have, as a main focus, to cater for functions. Because of this we started the year learning about Occupational Health and Safety and understanding Food Safety guidelines as we wanted to ensure that all food we made was of a high standard.

We started off making some quite simple recipes so that we could find our way round the kitchen and also to enable us to develop a team approach to working.

Both classes worked on providing finger food for the first 'Meet the Teachers' evening which was held in the Undercroft. People who assisted on the night looked very professional in their black 'Elcies' hospitality uniform.

Another task undertaken throughout the year was preparing platters of hot and cold food for the Bar Operations program. As part of this work we completed bulk catering jobs; so we are all experts in making Sausage Rolls which must always be on the menu because they are so popular.

We have catered for Morning and Afternoon Teas, light lunches and for some evening functions. Some of the groups who have joined us for these functions have been year 10 High School Liaison Officers from northern high and district high schools, a group from the Australian

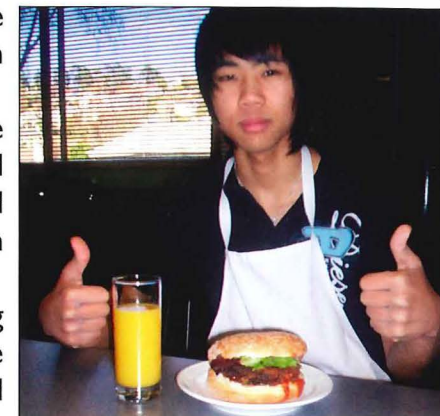

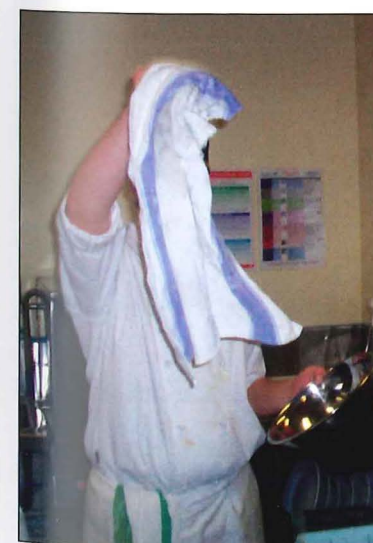

National University, a fundraiser for the College Production, Back to the 80's, the Launceston Living Library, Cancer Council morning tea, Friends of the Grand Piano at Launceston College, Science Teachers Association of Tasmania and a professional learning Reading Circle of Launceston College teachers.

As a reward for our hard work we dined in Elcies Cafe Restaurant to see how the VET Hospitality students set up a full restaurant and catered for lunches. This also gave us the opportunity to talk about Careers in Hospitality.

We completed a Cafe Review and researched Tasmanian Gourmet foods and gave a presentation to the rest of the class.

We are coming to the end of the year and are now getting ready to produce heaps of Christmas Puddings for an Enterprise activity which is a real tradition associated with Hospitality classes at Launceston College.

The year went so quickly and we will be sad to break up our Catering teams!

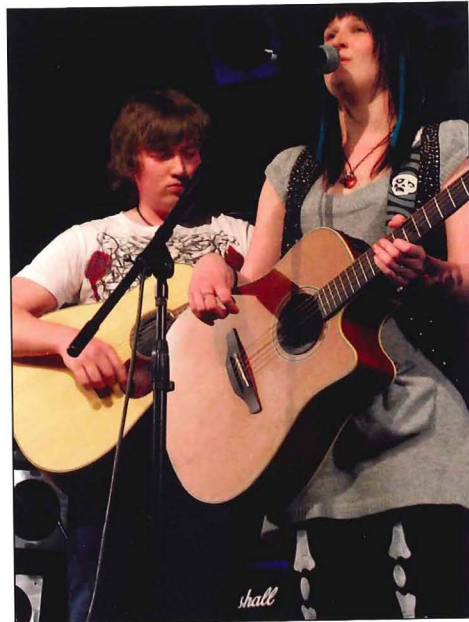

Audio Design & Contemporary Music

Audio Design

We had yet another busy year in the Audio Design team. The expanded facilities at LC has been of benefit to the audio students and the LC community. We now have six studios that students can use and are supported by our pro PA's.

Students worked on heaps of community and school events providing audio such as: Relay For Life, Terrace Hairdressing Fund Raiser, Rock 'n' Rodz, Junction, Crazy Day, Production, Dance Fever, Maton Guitar Clinic, Sound for LC Bands.

Contemporary Music

How much stuff can we fit into one year? Well, apparently heaps.

The Contemporary Music students have been very busy in 2010; Relay for Life, Launceston Competitions where we placed 1,2,3 in the cover and original sections, Mind Body and Soul, Youth Week, Dance Fever, Cole Lane performances.

Launceston College bands Brentish, TheStynsand Carl'n'Luka represented us in the Tasmanian Rock Challenge at Hotel Tasmania in August. A great night was had by all the LC bands and we were placed equal second in the State.

Well done to all performers.

Rock iT Write iT Record iT

It was a busy year for the high school students in the free contemporary music workshops on Tuesday afternoons from 4pm until 6pm.

Beau Thomas and Andy Collins are our resident tutors and have covered song writing, web page design, photo shoots and stage craft. The students are now focusing on getting their original songs recorded in our studios.

Formula One in Schools

The Formula One in Schools Challenge has again attracted an enthusiastic group of students who have used "state of the art" Computer Aided Design technology to design and manufacture a set of scale model Formula One style racing cars.

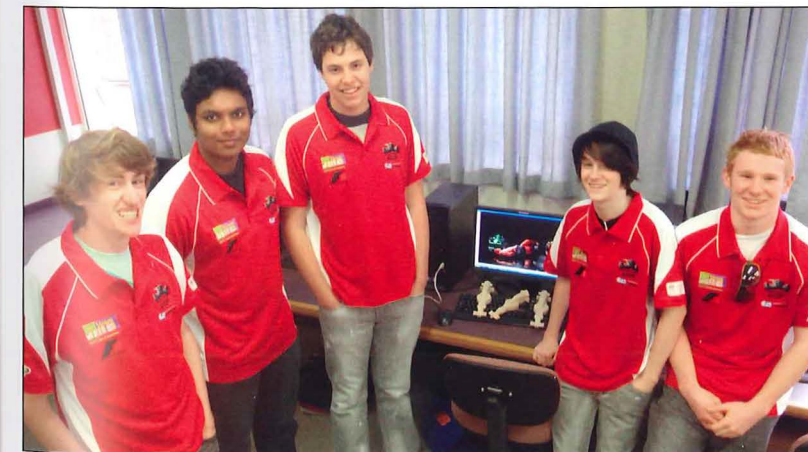

These cars are powered by CO₂ cylinders and run down a 20 metre track that is equipped with timing equipment accurate to .001 of a second.

The cars are designed in collaboration with a range of Design and Engineering professionals from within the local community.

In addition to producing and racing the cars, students must produce a Design Folio, participate in an interview with a judging panel and present a "trade" style booth at the State Finals.

The Fully Loaded Racing Team has benefited greatly from the financial and mentoring support provided by the Engineering firm, Johnstone, McGee and Gandy (Incorporating Dale Luck and Associates) as well as Creative Digital Printing and Tassie Tees.

The team consists of:

Reuben Case (Manufacturing Engineer)
Sachithra Fernando (Graphics Designer)
Dylan Piubello (Team Manager)
Zac Saunders (Chief Design Engineer)
Alistair Jack (Business Manager)

At the time of writing, the team was busily engaged in final preparations for the State Final of the Formula One in Schools Challenge. This is promoted by Re-Engineering Australia, an organisation that was set up 8 years ago in response to a national initiative to promote Engineering as a career pathway for secondary and senior secondary students.

LC Ball 2010

Night of Lights

Friday 29th October 2010
6.30pm ~ 11.00pm
Tailrace Centre, Riverside ~ Formal Dress
Tickets \$50 @ the Main Office

The Dux of the College 2009
